1931-1963 Stephen D. Crocco, Kenneth P. Minkema, 2005-06-30 **American Religious History** Amanda Porterfield, 2008-04-15 In this outstanding historical reader the editor has gathered nine essays and over thirty primary documents to present a coherent picture of the history of American religion *Approaching Jonathan Edwards* Dr Carol Ball, 2015-02-28 Approaching Jonathan Edwards offers a new theoretical approach to the study of Edwards with an emphasis on his writing activity as the key strategy in shaping his legacy This book analyses the ways in which Jonathan Edwards intense personal piety and deep experience of divine sovereignty drove an introverted intellectual along a course that would eventually develop into a mature and respected public intellectual **Approaching Jonathan Edwards** Carol Ball, 2015-03-28 Exploring the inner motivations of one of America s greatest religious thinkers this book analyses the ways in which Jonathan Edwards intense personal piety and deep experience of divine sovereignty drove an introverted intellectual along a course that would eventually develop into a mature and respected public intellectual Throughout his life the tension between his innately contemplative nature and the active demands of public office was a constant source of internal and public strife for Edwards Approaching Jonathan Edwards offers a new theoretical approach to the study of Edwards with an emphasis on his writing activity as the key strategy in shaping his legacy Tracing Edwards strategic self fashioning of his persona through the many conflicts in which he was engaged the critical turning points in his life and his strategies for managing conflicts and crises Carol Ball concludes that Edwards found his place as a superlative contemplative apologist and theorist of experiential spirituality Theism in the Discourse of Jonathan Edwards R. C. De Prosopo, 1985 This book proposes that a new semiotic category called theism can more intelligibly classify the discursive pattern that precedes modern humanism in American literature than such standard historicist categories as Puritanism or Calvinism or medievalism and that the writings of Jonathan Edwards exemplify this theist discursive pattern **The Thought of Jonathan Edwards** Miklos Veto, 2021-01-25 Jonathan Edwards is the greatest theologian of colonial America as well as its first important philosopher As a theologian he represents without any concession Calvinistic Orthodoxy re thought and re lived through the experience of the Great Awakening The large majority of his writings are of a theological character yet this theology is articulated and expressed through a systematic philosophical reflection Edwardsian thought covers three major areas First being grace and glory then the doctrine of the will extending to the study of the original sin and evil finally an entirely original theory of knowledge synthesizing spirituality aesthetics and epistemology The present book the first edition of which appeared in French almost thirty years ago is a uniquely comprehensive study of the work of Jonathan Edwards It discusses all the aspects of his thought over against the background of classical Protestant theology and of seventeenth and eighteenth century Western philosophy Our time witnesses a significant renewal of interest in Jonathan Edwards Professor Veto s book should prove to be a major contribution to assist and to guide the readers of America s Theologian Jonathan
