1939 The Lost World Of The Fair:

1939, the Lost World of the Fair David Hillel Gelernter, 1995 Recreates the sights sounds and atmosphere of the New York World's Fair in 1939 highlighting its importance to a country reviving from the Great Depression and preparing for World War II Nightclub City Burton W. Peretti, 2013-04-19 In the Roaring Twenties New York City nightclubs and speakeasies became hot spots where traditions were flouted and modernity was forged With powerful patrons in Tammany Hall and a growing customer base nightclubs flourished in spite of the efforts of civic minded reformers and federal Prohibition enforcement This encounter between clubs and government generated scandals reform crusades and regulations helped to redefine the image and reality of urban life in the United States Ultimately it took the Great Depression to cool Manhattan's Jazz Age nightclubs forcing them to adapt and relocate but not before they left their mark on the future of American leisure Nightclub City explores the cultural significance of New York City's nightlife between the wars from Texas Guinan's notorious 300 Club to Billy Rose's nostalgic Diamond Horseshoe Whether in Harlem Midtown or Greenwich Village raucous nightclub activity tested early twentieth century social boundaries Anglo Saxon novelty seekers Eastern European impresarios and African American performers crossed ethnic lines while provocative comediennes and scantily clad chorus dancers challenged and reshaped notions of femininity These havens of liberated sexuality as well as prostitution and illicit liquor consumption allowed their denizens to explore their fantasies and fears of change The reactions of cultural critics federal investigators and reformers such as Fiorello La Guardia exemplify the tension between leisure and order Peretti's research delves into the symbiotic relationships among urban politicians social reformers and the business of vice Illustrated with archival photographs of the clubs and the characters who frequented them Nightclub City is a dark and dazzling study of New York's bygone nightlife *Meet Me at the Fair: A World's Fair Reader* Celia Pearce, Bobby Schweizer, Laura Hollengreen, Rebecca Rouse, 2014 Together with the Olympics world's fairs are one of the few regular international events of sufficient scale to showcase a spectrum of sights wonders learning opportunities technological advances and new or renewed urban districts and to present them all to a mass audience Meet Me at the Fair A World's Fair Reader breaks new ground in scholarship on world's fairs by incorporating a number of short new texts that investigate world's fairs in their multiple aspects political urban architectural anthropological sociological technological commercial popular and representational Contributors come from eight different countries and represent affiliations in academia museums and libraries professional and architectural firms non profit organizations and government regulatory agencies In taking the measure of both the material artifacts and the larger cultural production of world's fairs the volume presents its own phantasmagoria of disciplinary perspectives historical periods geographical locales media and messages mirroring the microcosmic form of the world's fair itself Kong, Godzilla and the Living Earth Allen A. Debus, 2022-06-24 During the 2010s science fiction's immortal adversaries King Kong and Godzilla representing our conflicts per Carl Sagan's dream dragons analogy made

comebacks in American cinema The blockbuster Kaiju resurged onto the screen depicting these protectors of an Earth plagued by mankind's hubris and folly With Earth's future hanging in the balance their climactic 2021 staging settled a score between the two giant monsters resolving Toho's classic 1963 film King Kong vs Godzilla As formidable creatures emerging from Time's Tomb on Mother Earth metaphorical Kong and Godzilla are considered here in light of new millennial environmentalism's stark reality This book nostalgic in tone explores the meaning of Kong and Godzilla as planetary saviors titanic protectors of a theoretical living Earth Gaia defending the globe from a prehistoric plague of adversaries
