The Battle of the Reichswald Tim Saunders,2023-02-22 During winter 1944 45 few German officers believed that the Allies would attack the wooded Reichswald Plug on the narrow neck of land between the rivers Rhine and Maas Consequently relying on the natural defenses of the forest the vaunted Siegfried Line had been allowed to peter out The 84th Infantry Division held field defenses that had been worked on all autumn but the defenders were thinly spread and most German soldiers now faced the certainty of defeat Originally hoping to use the frozen winter ground for a speedy assault days before Operation VERITABLE began a thaw set in and the Allies faced attacking in the worst possible ground conditions On the morning of 8 February after protracted bombardment delays multiplied as vehicles became bogged in saturated fields and shell holes and roads broke up under heavy armor However just enough assault engineer equipment reached the outer German defenses where they found the enemy infantry largely stunned by the bombardment It took all of the first day to break through the mud and defenses into the Reichswald while to the north Canadians and Scots struggled across equally sodden open country with the Rhine floods rising fast Despite the conditions overnight the Canadians took to the flood waters to seize what were now island villages and the Scots dashed to capture the vital Materborn which overlooked Kleve With heavy rain compounding difficulties mud and flood waters made movement of men and supplies increasingly difficult Despite this and the arrival of German reinforcements the Allies fought their way forward forcing the Reichswald Plug and opening the way into the Rhineland and the final phases of the war

**Europe at War 1939-1945** Norman Davies, 2008-09-04 The conventional narrative of the Second World War is well known after six years of brutal fighting on land sea and in the air the Allied Powers prevailed and the Nazi regime was defeated But as in so many things the truth is somewhat different Bringing a fresh eye to bear on a story we think we know Norman Davies Davies forces us to look again at those six years and to discard the usual narrative of Allied good versus Nazi evil reminding us that the war in Europe was dominated by two evil monsters Hitler and Stalin whose fight for supremacy consumed the best people in Germany and in the USSR The outcome of the war was at best ambiguous the victory of the West was only partial its moral reputation severely tarnished and for the greater part of the continent of Europe liberation was only the beginning of more than fifty years of totalitarian oppression Davies writes with real knowledge and passion Michael Burleigh Evening Standard Punchy and compelling Noel Malcolm Sunday Telegraph

**We Shall Return!** William M. Leary, 2014-07-11 They were the forgotten commanders of World War II While the names of Bradley and Patton became household words for Americans few could identify Krueger or Eichelberger They served under General Douglas MacArthur a military genius with an enormous ego who dominated publicity from the Southwest Pacific during the American advance from Australia through New Guinea to the Philippines While people at home read about the great victories that were won by MacArthur's navy and MacArthur's air force his subordinates labored in obscurity fearful lest attention from the press lead to their replacement Historians too have paid little attention to the men who fought so well in the far reaches of the Pacific and not a single biography has appeared in the decades since V J Day Yet General Blamey played a key role in the early battles of New Guinea Generals Krueger and Eichelberger led American armies to major victories over the Japanese General Kenney was one of the foremost air strategists of the war while few airmen could match General Whitehead's tactical brilliance Admiral Kinkaid took a crucial part in one of the greatest naval engagements in history Admiral Barbey was an acknowledged master of amphibious warfare We Shall Return addresses a serious shortcoming in the literature of World War II Revealed for the first time is the full extent of the contributions made by MacArthur's commanders to the defeat of the Japanese As the authors of these essays so ably demonstrate many of MacArthur's bold decisions and innovative tactics were urged upon him by his subordinates Clearly these men deserve more credit for his successes than they have received
