1967 The Last Good Year:

John Lennon, Yoko Ono and the Year Canada Was Cool Greg Marquis, 2020-10-13 John Lennon was the world's biggest rock star in the late Sixties. With his new wife Yoko Ono, the duo were icons of the peace movement, denouncing the Vietnam War. In 1969, at the height of their popularity, they headed to Canada. Canada was already a politically charged place. In 1968, Pierre Elliott Trudeau rode a wave of popularity dubbed Trudeaumania for its similarities to the Beatlemania of the era. The sexual revolution, hippie culture, the New Left, and the peace movement were challenging norms, frightening the authorities, and provoking backlash. Quebec nationalism was putting the power of the English-speaking minority running the province on the defensive and threatening the breakup of the country. John Lennon and Yoko Ono staged a bed-in for peace at an upscale downtown Montreal hotel. The couple, aided by the CBC, saw a steady stream of journalists, musicians, and activists arriving for interviews, political discussions, singing, and art making. The classic "Give Peace a Chance" was recorded there with the help of local Quebecois musicians. Three months later, they were back in Canada with Eric Clapton and other friends to play a concert festival in Toronto arranged by local promoters. American acts like Little Richard, The Doors, Bo Diddley, and Alice Cooper, along with many Canadian pop musicians of the time, played at the festival. At year's end, the duo met with Prime Minister Trudeau in Ottawa. By this time, Trudeau was cracking down on dissent, mainly in Quebec, and falling out of favour with the counterculture crowd. John and Yoko included. Recounting the story of these events, historian Greg Marquis offers a unique portrayal of Canadian society in the late Sixties, recounting how politicians, activists, police, artists, musicians, and businesses across Canada reacted to John and Yoko's presence and message. *John Lennon Yoko Ono and the Year Canada Was Cool* is an illuminating and entertaining read for anyone interested in this fascinating moment in Canadian history. *Canadian History For Dummies* Will Ferguson, 2012-10-15 A wild ride through Canadian history, fully revised and updated. This new edition of *Canadian History For Dummies* takes readers on a thrilling ride through Canadian history from indigenous native cultures and early French and British settlements through Paul Martin's shaky minority government. This timely update features all the latest up to the minute findings in historical and archeological research. In his trademark irreverent style, Will Ferguson celebrates Canada's double gold in hockey at the 2002 Olympics, investigates Jean Chrétien's decision not to participate in the war in Iraq, and dissects the recent sponsorship scandal. Canada's 1960s Bryan D. Palmer, 2009-01-01 Focusing on the major movements and personalities of the time, as well as the lasting influence of the period, *Canada's 1960s* examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity. **Translations on Communist China** United States. Joint Publications Research Service, 1966 **Matter of North** Brent Wetters, Anthony Cushing, 2025-07-01 Documents and illuminates Glenn Gould's groundbreaking radio composition *The Idea of North*. *Matter of North* collects essays and source material related to Glenn Gould's landmark 1967 radio documentary *The Idea of North*. The most famous product other than his studio piano recordings of Gould's 1964 decision to abandon the concert stage for

the recording studio it combines Gould's interests in the contrapuntal by the simultaneous layering of speaking voices with philosophy and a life long fascination with the Canadian Arctic Because the documentary is a multivalent work the contributors approach the documentary from unique perspectives sociological philosophical music theoretical ethnomusicological each illuminating a salient aspect of the work The source material section includes for the first time the complete interview responses by Gould's five participants along with other important documentation *Unguarded Border* Donald W. Maxwell, 2023-05-12 The United States is accustomed to accepting waves of migrants who are fleeing oppressive conditions and political persecution in their home countries But in the 1960s and 1970s the flow of migration reversed as over fifty thousand Americans fled across the border to Canada to resist military service during the Vietnam War or to escape their homeland's hawkish society *Unguarded Border* tells their stories and in the process describes a migrant experience that does not fit the usual paradigms Rather than treating these American refugees as unwelcome foreigners Canada embraced them refusing to extradite draft resisters or military deserters and not even requiring passports for the border crossing And instead of forming close knit migrant communities most of these migrants sought to integrate themselves within Canadian society Historian Donald W Maxwell explores how these Americans in exile forged cosmopolitan identities coming to regard themselves as global citizens a status complicated by the Canadian government's attempts to claim them and the U S government's eventual efforts to reclaim them *Unguarded Border* offers a new perspective on a movement that permanently changed perceptions of compulsory military service migration and national identity *Expo 67* Rhona Richman Kenneally, Johanne Sloan, 2010-01-01 Expo 67 the world's fair held in Montreal during the summer of 1967 brought architecture art design and technology together into a glittering modern package Heralding the ideal city of the future to its visitors the Expo site was perceived by critics as a laboratory for urban and architectural design as well as for cultural exchange intended to enhance global understanding and international cooperation This collection of essays brings new critical perspectives to Expo 67 an event that left behind a significant material and imaginative legacy The contributors to this volume reflect a variety of interdisciplinary approaches and address Expo 67 across a broad spectrum ranging from architecture and film to more ephemeral markers such as postcards menus pavilion displays or the uniforms of the hostesses employed on the site Collectively the essays explore issues of nationalism the interplay of tradition and modernity twentieth century discourse about urban experience and the enduring impact of Expo 67's technological experimentation Expo 67 Not Just a Souvenir is a compelling examination of a world's fair that had a profound impact locally nationally and internationally *ERS-foreign*, 1968 *Northern Passage* John Hagan, 2001-05-31 More than 50 000 Americans migrated to Canada during the Vietnam War Hagan himself a member of the exodus searched declassified government files consulted previously unopened resistance organization archives and contemporary oral histories and interviewed American war resisters settled in Toronto to learn how they made the momentous decision International Commerce, 1969 **Foreign Commerce**

1967, the Last Good Year Pierre Berton,1997 Few Canadians over the age of forty can forget the feeling of joy and celebration that washed over the country during Canada s centennial year We were Pierre Berton reminds us a nation in love with itself basking in the warm glow of international applause brought on by the unexpected success of Expo 67 and pumped up by the year long birthday party that had us all warbling Ca na da as Bobby Gimby and his gaggle of small children

pranced down the byways of the nation It was a turning point year a watershed year a year of beginnings as well as endings One royal commission finally came to a close with a warning about the need for a new approach to Quebec Another was launched to investigate for the first time the status of Canadian women New attitudes to divorce and homosexuality were enshrined in law A charismatic figure Pierre Elliott Trudeau made clear that the state had no place in the bedrooms of the nation The seeds of Women s Lib Gay Pride and even Red Power were sown in the centennial year Of all the pavilions on the Expo site Berton singles out the Indian pavilion as having the greatest impact The country was in a ferment that year Canadians worried about the Americanization of every institution from the political convention to Hockey Night in Canada People talked about the Generation Gap as thousands of flower children held love ins in city parks The government tried to respond by launching the Company of Young Canadians a project that was less than successful The most significant event of 1967 was Charles de Gaulle s notorious Vive le Quebec libre speech in Montreal It gave the burgeoning separatist movement a new legitimacy enhanced by Rene Levesque s departure from the Liberal party later that year Throughout the book the author gives us insightful profiles of some of the significant figures of 1967 the centennial activists Judy LaMarsh and John Fisher the Expo entrepreneurs Philippe de Gaspé Beaubien and Edward Churchill Walter Gordon the fervent nationalist and his rival Mitchell Sharp Lester Pearson and his bete noire John Diefenbaker the three men of the world who helped make Canada internationally famous Marshall McLuhan Glenn Gould and Roy Thomson hippie leaders like David dePoe American draft dodgers like Mark Satin women s activists like Doris Anderson and Laura Sabia youth workers like Barbara Hall radicals like Pierre Vallières author of *White Niggers of America* and such dedicated nationalists as Madame Chaput Rolland and Andre Laurendeau In spite of the feeling of exultation that marked the centennial year an opposite sentiment runs through the book like dark thread the growing fear that the country was facing its gravest crisis Berton points out that we are far better off today than we were in 1967 Then why all the hand wringing he asks Because of the very real fear that the country we celebrated so joyously thirty years ago is in the process of falling apart In that sense 1967 was the last good year before all Canadians began to be concerned about the future of our country
