The Euro-American Cinema Peter Lev, 2014-05-23 From a scholar of mass communications an international study of the influence of Hollywood movies on twentieth century European art films With McDonalds in Moscow and Disneyland in Paris and Tokyo American popular culture is spreading around the globe Regional national and ethnic cultures are being powerfully affected by competition from American values and American popular forms This literate and lively study explores the spread of American culture into international cinema as reflected by the collision and partial merger of two important styles of filmmaking the Hollywood style of stars genres and action and the European art film style of ambiguity authorial commentary and borrowings from other arts Peter Lev departs from the traditional approach of national cinema histories and discusses some of the blends overlaps and hegemonies that are typical of the world film industry of recent years In Part One he gives a historical and theoretical overview of what he terms the Euro American art film which is characterized by prominent use of the English language a European art film director cast and crew from at least two countries and a stylistic mixing of European art film and American entertainment The second part of Lev's study examines in detail five examples of the Euro American art film *Contempt* 1963 *Blow Up* 1966 *The Canterbury Tales* 1972 *Paris Texas* 1983 and *The Last Emperor* 1987 These case studies reveal that the European art film has had a strong influence on world cinema and that many Euro American films are truly cultural blends rather than abject takeovers by Hollywood cinema

The American Film Industry Tino Balio, 1985-03-04 Upon its original publication in 1976 *The American Film Industry* was welcomed by film students scholars and fans as the first systematic and unified history of the American movie industry Now this indispensable anthology has been expanded and revised to include a fresh introductory overview by editor Tino Balio and ten new chapters that explore such topics as the growth of exhibition as big business the mode of production for feature films the star as market strategy and the changing economics and structure of contemporary entertainment companies The result is a unique collection of essays more comprehensive and current than ever that reveals how the American movie industry really worked in a century of constant change from kinetoscopes and the coming of sound to the star system 1950s blacklisting and today's corporate empires

The Dame in the Kimono Leonard J. Leff, Jerold L. Simmons, 2013-07-24 This excellent lively study examines the raucous debate sparked by the Code over the morals and ideals of American movies Publishers Weekly The new edition of this seminal work takes the story of the Production Code and motion picture censorship into the present including the creation of the PG 13 and NC 17 ratings in the 1990s Starting in the

early 1930s the Production Code Director Joe Breen and his successor Geoff Shurlock understood that American motion pictures needed enough rope enough sex and violence and tang to lasso an audience and not enough to strangle the industry To explore the history and implementation of the Motion Picture Production Code this book uses 11 movies Dead End Gone With the Wind The Outlaw The Postman Always Rings Twice The Bicycle Thief Detective Story A Streetcar Named Desire The Moon Is Blue The French Line Lolita and Who's Afraid of Virginia Woolf The authors combine a lively style with provocative insights and a wealth of anecdotes to show how the code helped shape American screen content for nearly 50 years A readable intimate account of the rise to near tyrannical power and the fall to well deserved ignominy of the old Production Code Administration Atlantic Monthly A valuable insight into our own innocence and naiveté The New York Times Book Review The triumph of Leff and Simmons's fine work is that they have reminded us of how fatuous and inimical a code of conduct can be how tempting it is as a theoretical answer and how intrinsically flawed it is as a working solution The Times of London

The Columbia Checklist Len D. Martin, 1991-01-01 From its beginnings in the 1920s Columbia Pictures Corporation has churned out an enormous variety of material wide ranging in quality subject matter and length It has also served as a major distributor for foreign and domestically produced independent works This thorough reference documents the studio's 2 371 feature length films 57 serials 596 cartoons and 76 miscellaneous short subjects Release date running time major technical personnel cast and brief synopsis when available are given for each Appendices list Columbia's movie series Western series and stars Academy Awards and the studio's comedy shorts and their main stars Complete name index
