Monthly Catalog of United States Government Publications ,1995 **Playing for Power** Marvin T. Chiles,2025-06-15
Reveals the role of amateur Black football and basketball in Virginia before integration as a form of resistance to white supremacy In *Playing for Power* Marvin T Chiles offers a fascinating account of amateur sports in Jim Crow Virginia revealing how in addition to churches workspaces and civil rights organizations sports were also a key arena for Black resistance to white supremacy Drawing from a rich trove of primary sources Chiles recounts the development of Black football and basketball culture at the high school and college levels in Virginia from the 1890s to the early 1970s Looking beyond their role as leisure pastimes Chiles demonstrates how amateur sports strengthened education neutralized class divisions shaped Black masculinity mentored Black male leadership cultivated race pride and reflected Black desires for urban modernity Illuminating the ways Black athletes created a world that pushed for racial progress through objective meritocratic achievement anchored by masculine leadership and institutional success *Playing for Power* traces how amateur sports coalesced into a key cultural institution that fostered Black Virginians collective sense of community achievement and purpose during segregation cornerstones of later advances in the Civil Rights Movement *Playing for Power* also contributes to a larger understanding of sports history and how amateur sports became favorite American spectacles and markers of Southern identity Chiles s groundbreaking work will interest historians scholars and individuals interested in the intersection of sports and civil rights and the history of Black sports during the Jim Crow era Energy Research Abstracts ,1990

Humans at the End of the Ice Age Lawrence Guy Straus,Berit Valentin Eriksen,Jon M. Erlandson,David R. Yesner,2012-12-06 *Humans at the End of the Ice Age* chronicles and explores the significance of the variety of cultural responses to the global environmental changes at the last glacial interglacial boundary Contributions address the nature and consequences of the global climate changes accompanying the end of the Pleistocene epoch detailing the nature speed and magnitude of the human adaptations that culminated in the development of food production in many parts of the world The text is aided by vital maps chronological tables and charts Field Guides to the Ozarks Charles W. Short,R.G. Coles,2001-11-06 This thorough and informative volume presents a set of detailed globally applicable techniques for seagrass research The book provides methods for all aspects of seagrass science from basic plant collection to statistical approaches and investigations of plant animal interaction The emphasis is on methods that are applicable in both developing and developed countries The importance of seagrasses in coastal and near shore environments and ultimately their contribution to the productivity of the world s oceans has become increasingly

recognised over the last 40 years Seagrasses provide food for sea turtles nearly 100 fish species waterfowl and for the marine mammals the manatee and dugong Seagrasses also support complex food webs by virtue of their physical structure and primary production and are well known for their role as breeding grounds and nurseries for important crustacean finfish and shell fish populations Seagrasses are the basis of an important detrital food chain The plants filter nutrients and contaminants from the water stabilise sediments and act as dampeners to wave action Seagrasses rank with coral reefs and mangroves as some of the world s most productive coastal habitat and strong linkages among these habitats make the loss of seagrasses a contributing factor in the degradation of the world s oceans Contributors from around the world provide up to date methods for comparable collection of ecological information from both temperate and tropical seagrass ecosystems
