Legislative Branch Appropriations for 1997 United States. Congress. House. Committee on Appropriations. Subcommittee on Legislative Appropriations, 1996 The Diversity Paradox Kristin Kanthak, George A. Krause, 2012-04-11 In legislatures group dynamics affect how the legislature operates who is valued enough to play a critical decision making role and what voices matter in determining policy outcomes An increase in a minority group s size within democratically elected legislatures actually leads to the devaluation of individual minority group members The authors assert that representative institutions such as legislatures face a diversity paradox when the size of a minority group increases beyond mere tokenism in representative institutions it tends to create an unintended backlash toward the minority group s members that emanates from both majority and fellow minority group members The inclusion of minority group voices in representative institutions is critical in a wide range of political decisions ranging from legislative gender quotas in the new Iraqi constitution to attempts in the U S to increase minority representation through redistricting **Forthcoming Books** Rose Arny, 1997 **Catalog of Federal Domestic Assistance**, 1993 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs *The Boston Directory*, 1856
