Tamanaha, 2022-12-22 An essential title for anyone thinking of law school or concerned with America's dysfunctional legal system Library Journal On the surface law schools today are thriving Enrollments are on the rise and law professors are among the highest paid Yet behind the flourishing facade law schools are failing abjectly Recent front page stories have detailed widespread dubious practices including false reporting of LSAT and GPA scores misleading placement reports and the fundamental failure to prepare graduates to enter the profession Addressing all these problems and more is renowned legal scholar Brian Z.
