**Under the Sign of the Waterbearer** James T. Baker, 2015-09-06 Thomas Merton known in religion as Father Louis was born in France in his words under the sign of the waterbearer in 1915 He studied at Cambridge in England and at Columbia in New York As a student he lived what his friends have described as a bawdy life but turned from it to become a devout Roman Catholic As America entered World War II he entered the abbey of Our Lady of Gethsemani in Kentucky and for 27 years he was a Trappist monk in the Order of Cistercians of the Strict Observance During his early days there he wrote an autobiography which became the third bestselling nonfiction book of the year 1949 and went on to write more than 50 more until in 1968 he at last went back into the world to meet with monastic leaders in Asia Apparently Pope Francis read Merton's works and in his address to the U S Congress named Merton Dorothy Day Abraham Lincoln and Martin Luther King Jr as people he hoped Americans would emulate He had entered Gethsemani on December 10 1941 when he was nearing his twenty seventh birthday and on December 10 1968 as he was nearing his fifty fourth birthday he was accidentally electrocuted while attending a religious conference in Bangkok Thailand Many in the West consider him a saint and many in the East consider him a manifestation of the Buddha His autobiography The Seven Storey Mountain has been compared to the Confessions of Saint Augustine No one who reads it or any other of his books is ever the same again The author of this play James Thomas Baker knew Thomas Merton and wrote the original version of the play soon after Merton's death This completely revised and rewritten version done as an expression of love and admiration in 2015 is to commemorate his hundred birthday

**1999: A Space Odyssey** John K Balor, 2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series Space 1999 can be understood in relation to Stanley Kubrick's 2001 A Space Odyssey by looking at both narratives through the perspective of systems theory As a result of doing so an engaged debate concerned with the political and philosophical subtext of both stories developed This book gives a full account of the debate with summaries of ideas and insights The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at [www.lulu.com](http://www.lulu.com)

**No One Was Killed** John Schultz, 2020-05-15 While other writers contemplated the events of the 1968 Chicago riots from the safety of their hotel rooms John Schultz was in the city streets being threatened by police choking on tear gas and listening to all the rage fear and confusion around him The result No One Was Killed is his account of the contradictions and chaos of convention week the adrenalin the sense of drama and history and how the mainstream press was getting it all wrong A more valuable factual record of events than the city's white paper the Walker Report and Theodore B White's Making of a President combined Book Week As a reporter making distinctions between Yippie hippie New Leftist McCarthyite police and National Guard Schultz is perceptive he excels in describing such diverse personalities as Julian Bond and Eugene McCarthy Library Journal High on my short list of true lasting inspired evocations of those whacked out days when the country was

fighting a phantasmagorical war with real corpses and police under orders were beating up demonstrators who looked at them funny Todd Gitlin from the foreword      The Journals and Diaries of Katherine Wilson Katherine Wilson,2003

Balor,2018-02-18 This book contains transcripts from Online Alpha discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll s stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at [www.lulu.com](http://www.lulu.com)      Plague 99 Jean Ure,2014-05-01 Almost overnight a plague has wiped out the population of England The only survivors seem to be three very different teenagers Together they must come to terms with the man made devastation around them Fran Harriet and Shahid have the power to rebuild society but do they have the courage      *Black South African Women* Kathy A. Balor,2017-11-11 The television series SPACE 1999 was in its first series shaped by the late sixties and early seventies counterculture movements making SPACE 1999 into an example of how certain SF scholars see a natural alignment between science fiction and critical theory However due to changes in the political climate SPACE 1999 went through an ideological reversal in its second series As a result the schizophrenic nature of the series has ever since caused debate This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at [www.lulu.com](http://www.lulu.com)      *Congressional Record* United States.
