Larson, 1995 Bibliography of novels based on films Not many books like this **Cyberhenge** Douglas E. Cowan, 2005 In *Cyberhenge* Douglas E Cowan brings together two fascinating and virtually unavoidable phenomena of contemporary life the Internet and the new religious movement of Neopaganism For growing numbers of Neopagans Wiccans Druids Goddess worshippers and others the Internet provides an environment alive with possibilities for invention innovation and imagination From angel channeling biorhythms and numerology to coven and cybergroves where neophytes can learn everything from the Wiccan Rede to spellworking Cowan illuminates how and why Neopaganism is using Internet technology in fascinating new ways as a platform for invention of new religious traditions and the imaginative performance of ritual This book is essential reading for students and scholars of new religious movements and for anyone interested in the intersections of technology and faith **Sunlight and Shade in the First Cities** Mary Shepperson, 2017-01-16 The emergence of urbanism in Iraq occurred under the distinctive climatic conditions of the Mesopotamian plain rainy winters and extremely hot summers profoundly affected the formation and development of these early cities *Sunlight and Shade in the First Cities* explores the relationship between society culture and lived experience through the way in which sunlight was manipulated in

the urban built environment Light is approached as both a physical phenomenon which affects comfort and the practical usability of space and as a symbolic phenomenon rich in social and religious meaning Through the reconstruction of ancient urban light environments to the extent possible from the archaeological remains the location timing and meaning of activities within early Mesopotamian cities become accessible Sunlight is shown to have influenced the formation and symbolism of urban architecture and shaped the sensory experience of urban life From cities as part of the sunlit landscape this work progresses to consider city forms as a whole and then to the examination of architectural types residential sacred and palatial Architectural analysis is complemented by analysis of contemporary textual sources along with iconographic and artefactual evidence The cities under detailed examination are limited to those on the Mesopotamian plain focusing on the Early Dynastic periods up to the end of the second millennium BC This volume demonstrates the utility of light as a tool with which to analyse not just ancient Mesopotamian settlements but the built environment of any past society especially where provision of or protection from sunlight critically affects life The active influence of sunlight is demonstrated within Mesopotamian cities at every scale of analysis

Mystery of the Magi Dwight Longenecker, 2017-11-06 The perfect Christmas gift for anyone interested in the historical background behind the birth of Jesus of Nazareth Robert J Hutchinson author of *The Politically Incorrect Guide to the Bible* *The Dawn of Christianity* and *Searching for Jesus* Utterly refreshing and encouraging Eric Metaxas New York Times bestselling author of *Bonhoeffer* Pastor Martyr Prophet Spy and Martin Luther The best book I know about the Magi Sir Colin John Humphreys Ph D author of *The Mystery of the Last Supper* Modern biblical scholars tend to dismiss the Christmas story of the wise men from the East as pious legend Matthew's gospel offers few details but imaginative Christians filled out the story early on giving us the three kings guided by a magical star who join the adoring shepherds in every Christmas carol For many scholars then there is no reason to take the gospel story seriously But are they right Are the wise men no more than a poetic fancy In an astonishing feat of detective work Dwight Longenecker makes a powerful case that the visit of the Magi to Bethlehem really happened Piecing together the evidence from biblical studies history archeology and astronomy he goes further uncovering where they came from why they came and what might have happened to them after eluding the murderous King Herod In the process he provides a new and fascinating view of the time and place in which Jesus Christ chose to enter the world The evidence is clear and compelling The mysterious Magi from the East were in all likelihood astrologers and counselors from the court of the Nabatean king at Petra where the Hebrew messianic prophecies were well known The star that inspired their journey was a particular planetary alignment confirmed by computer models that in the astrological lore of the time portended the birth of a Jewish king The visitors whose arrival troubled Herod and all Jerusalem with him may not have been the turbaned oriental kings of the Christmas carol but they were real and by demonstrating that the wise men were no fairy tale *Mystery of the Magi* demands a new level of respect for the historical claims of the gospel
