Crafting New Mexican Furniture:

Crafting New Mexican Furniture Kingsley H. Hammett, 1994 New Mexican furniture distinguished by unique details and embellishments is one of the most popular furniture styles in this country today Presently little exists to give the woodworker inspiration in this classic style This book begins by teaching woodworkers exactly how to re create the details that distinguish this unique style and incorporate them into their work American Woodworker ,1994-07 American Woodworker magazine A New Track Media publication has been the premier publication for woodworkers all across America for 25 years We are committed to providing woodworkers like you with the most accurate and up to date plans and information including new ideas product and tool reviews workshop tips and much much more The Native Market of the Spanish New Mexican Craftsmen, 1933-1940 Sarah Nestor, 2009 Anglo Americans in New Mexico were a major cause of the decline of traditional Spanish New Mexican crafts in the nineteenth century in a reverse swing they helped to bring about a revival in the twentieth century When the railroad came west in the 1880s life in New Mexico changed almost overnight and crafts which had thrived in isolation declined rapidly Then in the 1920s and 1930s artists anthropologists educators and other patrons in the state recognizing the unique beauty and charm of New Mexico s Spanish colonial crafts saw the need not only to preserve crafts from the past but also to encourage their revival in the present Foremost among these patrons was Leonora Curtin of Santa Fe Born into a prominent but rather bohemian family she was instrumental in promoting this revival In 1934 during the darkest years of the Great Depression Native Market was born This endeavor which became the forerunner of today s world famous yearly Santa Fe Spanish Market was Leonora s brainchild Greatly involved in the local art scene of the times Leonora recognized the pressing need to preserve the rapidly vanishing traditional craft production of Spanish speaking artisans of the region Through her leadership dedication and outreach New Mexico s Hispano crafts people and artists were given renewed opportunities to market their often enchantingly beautiful creations through the successful commercial venture known as Native Market This is that story *Classic New Mexican Furniture* Kingsley H. Hammett, 1996 Instructional photographs and drawings show how to produce furniture with the unmistakable stamp of the classic New Mexican tradition New Mexican Tinwork, 1840-1940 Lane Coulter, Maurice Dixon, 2004-08-30 A beautifully illustrated book on the origins and history of traditional Hispanic tinwork New Mexican Furniture, 1600-1940 Lonn Taylor, Dessa Bokides, 1987 Sumptuously illustrated this is the most complete book on Spanish Colonial and revival period furniture in New Mexico **Early New Mexican Furniture** Kingsley H. Hammett, 1999 For more than forty years Dr Ward Alan Minge and his wife Shirley combed the antique and used furniture stores throughout New Mexico to amass one of the most remarkable private collections of early New Mexico furniture ever assembled Along with an extensive collection of farm and domestic tools and equipment it was housed in Casa San Ysidro the colonial rancho they lovingly restored in Corrales New Mexico and for years served scholars and students as a font of information regarding life in colonial New Mexico In

1997 the home and collection were turned over to the Albuquerque Museum and in the future both will be open only to small groups on a limited access basis Here for the first time are photographs and dimensioned drawings of thirty six of the collection s finest examples of early colonial carpintero craftsmanship along with drawings of fifteen authentic design details to help artisans faithfully recreate these classic pieces This book will be a welcome addition for anyone interested in the evolution of New Mexico furniture design and particularly for furniture makers anxious to create a timeless heirloom whose design and proportions will be true to the original

Furniture of Spanish New Mexico Alan C. Vedder, 1977 Traditional Spanish New Mexican furniture can best be characterized as simple having straight lines and good honest proportions all of which give these pieces a particular type of dignity As is true of other handmade objects in a given society furniture made in New Mexico mirrored the lives of New Mexicans in the 18th and 19th centuries isolation and a rugged existence The earliest furniture was made for churches and a

few rich families Even well into the 19th century the average home was devoid of pieces considered common today chairs tables and beds The author regards the traditional period in Spanish New Mexican furniture to begin about 1776 and extend until almost 1900 The pieces in this book illustrate the important contributions made by the Spanish in the 18th and 19th centuries to this form of the decorative arts *American Woodworker*, 1993-08 American Woodworker magazine A New Track Media publication has been the premier publication for woodworkers all across America for 25 years We are committed to providing woodworkers like you with the most accurate and up to date plans and information including new ideas product and tool reviews workshop tips and much much more *Miniature Crafts and Their Makers* Katrin Flechsig, 2022-07-12 Picture a throng of tiny devils and angels or a marching band so small it can fit in the palm of your hand In a Mixtec town in the Mexican state of Puebla craftspeople have been weaving palm since before the Spanish Conquest but over the past forty years that art has become more finely tuned and has won national acceptance in a market nostalgic for an authentic Indian past In this book Katrin Flechsig offers the first in depth ethnographic and historical examination of the miniature palm craft industry taking readers behind the scenes of craft production in order to explain how and why these folk arts have undergone miniaturization over the past several decades In describing this Lilliputization of Mexico she discusses the appeal of miniaturization revealing how such factors as tourism and the construction of national identity have contributed to an ongoing demand for the tiny creations She also contrasts the playfulness of the crafts with the often harsh economic and political realities of life in the community Flechsig places the crafts of Chigmecatitlán within the contexts of manufacturing local history religion design and technique and selling She tells how innovation is introduced into the craft such as through the modification of foreign designs in response to market demands She also offers insights into capitalist penetration of folk traditions the marketing of folk arts and economic changes in modern Mexico And despite the fact that the designations folk and Indian help create a romantic fiction surrounding the craft Flechsig dispels common misperceptions of the simplicity of this folk art by revealing the complexities involved in its creation More than thirty illustrations depict not only finished miniatures but also the artists and their milieu Today miniatures serve not only the tourist market middle class Mexicans also collect miniatures to such an extent that it has been termed a national pastime Flechsig's work opens up this miniature world and shows us the extent to which it has become a lasting and important facet of contemporary Mexican culture **Crafting Tradition** Michael Chibnik, 2010-01-01 Since the mid 1980s whimsical brightly colored wood carvings from the Mexican state of Oaxaca have found their way into gift shops and private homes across the United States and Europe as Western consumers seek to connect with the authenticity and tradition represented by indigenous folk arts Ironically however the Oaxacan wood carvings are not a traditional folk art Invented in the mid twentieth century by non Indian Mexican artisans for the tourist market their appeal flows as much from intercultural miscommunication as from their intrinsic artistic merit In this beautifully illustrated book Michael Chibnik offers the first in depth look at the international

trade in Oaxacan wood carvings including their history production marketing and cultural representations Drawing on interviews he conducted in the carving communities and among wholesalers retailers and consumers he follows the entire production and consumption cycle from the harvesting of copal wood to the final purchase of the finished piece Along the way he describes how and why this invented tradition has been promoted as a Zapotec Indian craft and explores its similarities with other local crafts with longer histories He also fully discusses the effects on local communities of participating in the global market concluding that the trade in Oaxacan wood carvings is an almost paradigmatic case study of globalization

The Spanish Redemption Charles Montgomery, 2002-03-20 *The Spanish Redemption* contributes an

extremely important chapter to the burgeoning literature on the construction of whiteness in the United States to our understanding of the shifting and complicated relationship between ethnicity and class and a concrete example of how culture can be used to shape political and economic identities With considerable dexterity and authority with nuance and subtly with newly utilized archival evidence and with a glorious narrative flair Montgomery fastidiously describes the racial politics that were played out through the cultural production of an imagined Spanish past Ram n Guti rrez author of *When Jesus Came the Corn Mothers Went Away Marriage Sexuality and Power in New Mexico 1500 1846* and co editor of *Contested Eden California Before the Gold Rush* Between the two world wars villagers in northern New Mexico became Spanish Americans rather than Mexican Americans and artists writers and boosters celebrated their previously despised arts crafts architecture foods and folkways With probing intelligence and graceful limpid prose Montgomery tells the remarkable story of this shift in regional identity and its disturbing and enduring consequences The quaint Hispano villages of northern New Mexico will never look the same David J Weber author of *The Spanish Frontier in North America* [Annual Report](#) National Endowment for the Arts,1987 Reports for 1980 19 also include the Annual report of the National Council on the Arts
