The Crater or Vulcan's Peak a Tale of the Pacific is a novel in which Cooper incorporated knowledge of ship construction he had acquired while working as a U.S. Navy midshipman in the 1810s. From merely surviving the loss of his shipmates and the embayment of his ship within The Reef, protagonist and role model Mark Woolston goes on to thrive by his own industry. Following a regional volcanic upheaval which raises new land, he founds a similarly industrious and thriving colony after escaping from, then returning to The Reef. The outnumbered colonists must defend their new homes and possessions against natives who covet the new land.

James Fenimore Cooper 1789-1851 was a prolific and popular American writer of the early 19th century. His historical romances of frontier and Indian life in the early American days created a unique form of American literature. The novel that launched his career was *The Spy*, a tale about counterespionage set during the Revolutionary War. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the Leatherstocking Tales.
