*Afterlives of Modernism* John Carlos Rowe, 2015-02-05 In times of liberal despair it helps to have someone like John Carlos Rowe put things into perspective in this case with a collection of essays that asks the question Must we throw out liberalism's successes with the neoliberal bathwater Rowe first lays out a genealogy of early twentieth century modernists such as Gertrude Stein John Dos Passos William Faulkner and Ralph Ellison with an eye toward stressing their transnationally engaged liberalism and their efforts to introduce into the literary avant garde the concerns of politically marginalized groups whether defined by race class or gender The second part of the volume includes essays on the works of Harper Lee Thomas Berger Louise Erdrich and Philip Roth emphasizing the continuity of efforts to represent domestic political and social concerns While critical of the increasingly conservative tone of the neoliberalism of the past quarter century Rowe rescues the value of liberalism's sympathetic and socially engaged intent even as he criticizes modern liberalism's inability to work transnationally

*Tales of Berlin in American Literature up to the 21st Century* Joshua Parker, 2016-03-17 Of all European cities Americans today are perhaps most curious about Berlin whose position in the American imagination is an essential component of nineteenth century

postwar and contemporary transatlantic imagology Over various periods Berlin has been a tenuous space for American claims to cultural heritage and to real geographic space in Europe symbolizing the ultimate evil and the power of redemption This volume offers a comprehensive examination of the city's image in American literature from 1840 to the present Tracing both a history of Berlin and of American culture through the ways the city has been narrated across three centuries by some 100 authors through 145 novels short stories plays and poems *Tales of Berlin* presents a composite landscape not only of the German capital but of shifting subtexts in American society which have contextualized its meaning for Americans in the past and continue to do so today

*Spy*, 1986-11 Smart Funny Fearless It's pretty safe to say that *Spy* was the most influential magazine of the 1980s It might have remade New York's cultural landscape it definitely changed the whole tone of magazine journalism It was cruel brilliant beautifully written and perfectly designed and feared by all There's no magazine I know of that's so continually referenced held up as a benchmark and whose demise is so lamented Dave Eggers It's a piece of garbage Donald Trump

*Minor Universality / Universalité mineure* Markus Messling, Jonas Tinius, 2023-08-21 The circulation and entanglements of human beings data and goods have not necessarily and by themselves generated a universalising consciousness The global and the universal in other words are not the same The idea of a world society remains highly contested Our times are marked by the fragmentation of a double relativistic character the inevitable critique of Western universalism on the one hand and resurgent identitarian and neo nationalistic claims to identity on the other Sources of an argumentation for a strong universalism brought forward by

Western traditions such as Christianity Marxism and Liberalism have largely lost their legitimation All the while manifold and situated narratives of a common world that re address the universal are under way of being produced and gain significance This volume tracks the development and relevance of such cultural and social practices that posit forms of what we call minor universality It asks Where and how do contemporary practices open up concrete settings so as to create experiences reflections and agencies of a shared humanity With contributions by Isaac Bazi Anil Bhatti Jean Luc Chappey Elsie Cohen Leyla Dakhli Souleymane Bachir Diagne Nicole Fischer Albert Gouaffo Stefan Helgesson Fatma Hotait Christopher M Hutton Ananya Jahanara Kabir Mario Laarmann Rukmini Bhaya Nair Olivier Remaud Gis le Sapiro B n dicte Savoy Maria Anna Schiffrers Laurens Schlicht Sergio Ugalde Quintana H l ne Thierard Khadija von Zinnenburg Carroll Catalog of Copyright Entries Library of Congress.
