

HOW TO APPLY

Applying vinyl lettering is a straightforward process, here are instructions to help you achieve a smooth application:

Materials Needed:

Your custom sticker with application tape applied
Clean, lint-free cloth
Squeegee or credit card
Level or ruler (optional)

PREPARE THE SURFACE:

Ensure the surface where you plan to apply the vinyl lettering is clean, dry, and smooth. Remove any dust, dirt, or grease, as these can affect adhesion.

POSITION AND MEASURE:

Before removing the backing from the vinyl lettering, use a level or ruler to measure and mark the desired placement on the surface. You can also use painter's tape to create a guideline for accurate positioning.

PEEL OFF THE BACKING:

Carefully peel off the backing paper from the vinyl lettering, exposing the adhesive side. Be cautious not to touch the adhesive surface with your fingers to maintain its stickiness.

POSITION AND ALIGN:

Align the vinyl lettering with the marked position on the surface. The application tape allows you to position the lettering accurately.

SECURE IN PLACE:

Once you have the vinyl lettering in the desired position, use the squeegee or credit card to firmly press the lettering onto the surface. Start from the center and work your way outward to remove any air bubbles.

REMOVE APPLICATION TAPE:

Carefully peel off the application tape at a 45-degree angle, making sure the vinyl lettering adheres to the surface.

Take your time to avoid lifting any of the vinyl letters.

If any bubbles remain, try gently rolling with your finger or credit card/ squeegee.

LET IT SET:

Allow the vinyl lettering to set and adhere for at least 24 hours before subjecting it to harsh conditions, such as water exposure or extreme temperatures.
