Or are we? Leonard Sweet, cultural historian, preacher, futurist, creatologist, and preeminent thinker, firmly believes we live today in a pre-Christian society fraught with challenges, dangers, critical choices, and above all, tremendous potential for the church. The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away. What will we do? Deny the reality of the incoming surge? Hunker in the bunker, hermetically sealing ourselves in an increasingly out-of-touch church counterculture? Or will we boldly hoist our sails and, looking to God for guidance and strength, move with confidence and purpose over the waves? *SoulTsunami* is a fascinating, even mind-numbing look at the implications of our changing world for the church in the 21st century. With uncanny wisdom and trademark wit, Leonard Sweet explores ten key futuribles, precision guesses that fall short of predictions, expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom. Here are eye-opening perspectives on the church from within and from without, from its surrounding society. Lively, well-written, and provocative, *SoulTsunami* is a clarion call for Christians to remove their tunnel-vision glasses and take a good look at the swelling postmodern flood. It also is a voice of encouragement, affirming the church in its role as God's lifeboat. And it is a passionate prophetic guide pointing the way to reach a world swept out to sea. *Key Strategy Tools* Vaughan Evans, 2020-08-24 *Key Strategy Tools* empowers managers with 88 strategic tools to help build sustainable competitive advantage and ensure long-term success for your business. Within the structure of a straight-forward strategy process, the Strategy Pyramid, the book gives you classic strategy models such as Porter's Five Forces or Kim and Mauborgne's Blue Ocean Strategy, as well as broader strategic techniques like rating your competitive position or making strategic investment decisions. This edition introduces you to recent leading strategic thinking such as Markides's Fast Second, McGrath's Discovery-driven Growth, Blank and Ries's Lean Start-ups, and Martins's Integrative Thinking. The book describes each tool succinctly and guides you on how and when to apply them and when to be wary. *Life Work Transitions.Com* Deborah L. Knox, Sandra S.
