that acing the AP Computer Science Exam is very different from getting straight A's in school. We don't try to teach you everything there is to know about computer science; only what you'll need to score higher on the exam. There's a big difference. In *Cracking the AP Computer Science A AB Exams*, we'll teach you how to think like the test makers and focus on what the AP testers really want you to know with a complete review of Java language used on the exam. Learn techniques to help you navigate the multiple choice and free response questions. Brush up specific skills with practice questions throughout the book and full length practice tests for the AP Computer Science A and AB exams. This book includes 2 full length practice tests, one each for the AP Computer Science A and AB exams. All of our practice test questions are like the ones you'll see on the actual exam and we fully explain every answer. *Best 143 Business Schools* Nedda Gilbert, Princeton Review

(Firm), 2004. Our *Best 357 Colleges* is the best selling college guide on the market because it is the voice of the students. Now we let graduate students speak for themselves too in these brand new guides for selecting the ideal business law, medical or arts and humanities graduate school. It includes detailed profiles, rankings based on student surveys like those made popular by our *Best 357 Colleges* guide, as well as student quotes about classes, professors, the social scene, and more. Plus we cover the ins and outs of admissions and financial aid. Each guide also includes an index of all schools with the most pertinent facts such as contact information. And we've topped it all off with our school says section where participating schools can talk back by providing their own profiles. It's a whole new way to find the perfect match in a graduate school. *Cracking the GMAT*
