The Craft of Criticism Allan Rodway, 1982-11-11 Consisting of practical critiques of poems this book attempts to bridge the gap between the theory and practice of criticism

“The” Craft of Criticism Allan Edwin Rodway, 1984 **The Craft of Criticism** Allan Rodway, 1982-11-11 Students of literature are not sure of expositions of critical principle or examples of critical practice However the books of theory tend to be both abstruse and remote from literary appreciation while books of practical criticism rarely spell out the principles which underpin them Originally published in 1982 this book attempts to bridge the gap between the theory and practice of criticism The bulk of the book consists of practical critiques of poems of various kinds from various periods that illustrate a variety of critical methods The author does not simply try to match each poem with one method but rather to show how a whole range of distinguishable methods are applicable to most poems though in very different degrees This is a clear and stimulating textbook aimed at educating the literary sensibility After studying this book the reader should be able to approach the assessment of any work of creative literature with greater confidence and competence

Musical News, 1925

The Academic Avant-Garde Kimberly Quiogue Andrews, 2023-01-10 The surprising story of the relationship between experimental poetry and literary studies In *The Academic Avant Garde* Kimberly Quiogue Andrews makes a provocative case for the radical poetic possibilities of the work of literary scholarship and lays out a foundational theory of literary production in the context of the university In her examination of the cross pollination between the analytic humanities and the craft of poetry writing Andrews tells a bold story about some of today s most innovative literary works This pathbreaking intervention into contemporary American literature and higher education demonstrates that experimental poetry not only reflects nuanced concern about creative writing as a discipline but also uses the critical techniques of scholarship as a cornerstone of poetic practice Structured around the concepts of academic labor such as teaching and methodological work such as theorizing the book traces these practices in the works of authors ranging from Claudia Rankine to John Ashbery providing fresh readings of some of our era s most celebrated and difficult poets

Craft Learning as Perceptual Transformation Tom Martin, 2021-01-11 Through an examination of three wooden boat workshops on the East coast of the United States this volume explores how craftspeople interpret their tools and materials during work and how such perception fits into a holistic conception of practical skill The author bases his findings on first person fieldwork as a boat builder s apprentice during which he recorded his changing sensory experience as he learned the

basics of the trade The book reveals how experience in the workshop allows craftspeople to draw new meaning from their senses constituting meaningful objects through perception that are invisible to the casual observer Ultimately the author argues that this kind of perceptual understanding demonstrates a fundamental mode of human cognition an intelligence frequently overlooked within contemporary education *Musical News and Herald* ,1923 **The Masonic Review** ,1891

Creative Writing and Education Graeme Harper,2015 This book explores creative writing and its various relationships to education through a number of short evocative chapters written by key players in the field At times controversial the book presents issues ideas and pedagogic practices related to creative writing in and around education with a focus on higher education The volume aims to give the reader a sense of contemporary thinking and to provide some alternative points of view offering examples of how those involved feel about the relationship between creative writing and education Many of the contributors play notable roles in national and international organizations concerned with creative writing and education The book also includes a Foreword by Philip Gross who won the 2009 TS Eliot Prize for poetry **Writing Manuals for the Masses** Anneleen Masschelein,Dirk de Geest,2020-12-15 This open access collection of essays examines the literary advice industry since its emergence in Anglo American literary culture in the mid nineteenth century within the context of the professionalization of the literary field and the continued debate on creative writing as art and craft Often dismissed as commercial and stereotypical by authors and specialists alike literary advice has nonetheless remained a flourishing business embodying the unquestioned values of a literary system but also functioning as a sign of a literary system in transition Exploring the rise of new online amateur writing cultures in the twenty first century this collection of essays considers how literary advice proliferates globally leading to new forms and genres **Learning to Teach Art and Design in the Secondary School** Nicholas Addison,Lesley Burgess,2007-12-19 Learning to Teach Art and Design in the Secondary School advocates art craft and design as useful critical transforming and therefore fundamental to a plural society It offers a conceptual and practical framework for understanding the diverse nature of art and design in education at KS3 and the 14 19 curriculum It provides support and guidance for learning and teaching in art and design suggesting strategies to motivate and engage pupils in making discussing and evaluating visual and material culture With reference to current debates Learning to Teach Art and Design in the Secondary School explores a range of approaches to teaching and learning it raises issues questions orthodoxies and identifies new directions The chapters examine ways of learning planning and resourcing attitudes to making critical studies values and critical pedagogy The book is designed to provide underpinning theory and address issues for student teachers on PGCE and initial teacher education courses in Art and Design It will also be of relevance and value to teachers in school with designated responsibility for supervision **Audio and Record Review** ,1961 **Reference Services in the Humanities** Judy Reynolds,1994-11-11 This helpful book provides practical insight into the work and environment of reference services in the humanities Librarian s mental maps of humanities reference materials must include

an awareness of the metaphoric not too precise nature of many patrons queries Reference Services in the Humanities discusses the structure of literature in the humanities and how it matches or challenges mental images of the field Chapters are infused with the issues of language names and meaning within a metaphoric genre The book serves as a guide to humanist s use of metaphoric language and also as a bibliography of sources Reference Services in the Humanities contains specific references for finding materials in areas that are not traditional mainstream arts This sample of disciplines provides case studies depicting each field s particular idiosyncrasies Chapters examine the challenge of referral reference and common problems encountered in searching for answers to patrons questions The book contains a theoretical framework for interacting with patrons and addresses options for humanities reference in an electronic age This book brings together librarians and researchers who provide and manage reference services to a wide array of disciplines within the humanities Authors come from all types of libraries and represent a broad spectrum of patrons from the young student curious about the movies to practicing musicians and craftspersons This diversity provides an informative grounding for practitioners and library school students and faculty who wish to become effective reference librarians in the future Reference Services in the Humanities is divided into four sections which address research questions and challenges in selected disciplines descriptions from the field political issues in the humanities and theories and ideas for the future Specific topics explored include access to special collections censorship library resources for theater artists history research vocabulary control labeling of minorities craft information sources and much more

The Burdens of Perfection Andrew H. Miller, 2011-08-15 Literary criticism has in recent decades rather fled from discussions of moral psychology and for good reasons too Who would not want to flee the hectoring moralism with which it is so easily associated portentous pious humorless But in protecting us from such fates our flight has had its costs as we have lost the concepts needed to recognize and assess much of what distinguished nineteenth century British literature That literature was inescapably ethical in orientation and to proceed as if it were not ignores a large part of what these texts have to offer and to that degree makes less reasonable the desire to study them rather than other documents from the period or from other periods Such are the intuitions that drive *The Burdens of Perfection* a study of moral perfectionism in nineteenth century British culture Reading the period s essayists Mill Arnold Carlyle poets Browning and Tennyson and especially its novelists Austen Dickens Eliot and James Andrew H Miller provides an extensive response to Stanley Cavell s contribution to ethics and philosophy of mind In the process Miller offers a fresh way to perceive the Victorians and the lingering traces their quests for improvement have left on readers

Does the Writing Workshop Still Work? Dianne Donnelly, 2010-05-28 This book explores the effectiveness of the workshop in the Creative Writing classroom and looks beyond the question of whether or not the workshop works to address the issue of what an altered pedagogical model might look like In visualising what else is possible in the workshop space the sixteen chapters collected in *Does the Writing Workshop Still Work* cover a range of theoretical and pedagogical topics and explore the inner

workings and conflicts of the workshop model The needs of a growing and diverse student population are central to the chapter authors consideration of non normative pedagogies The book is a must read for all teachers of Creative Writing as well as for researchers in Creative Writing Studies
