Joyce as Theory Gabriel Renggli, 2023-02-28 Joyce as Theory is the first book length examination of James Joyce to argue he can be read as a theorist Joyce is not just a favourite case study of literary theory he wrote about how we make meaning and to what effect The present volume traces his hermeneutics in those narratives in *Finnegans Wake* which deal with textual production and interpretation showing that the *Wake*'s difficulty exemplifies Joyce's theoretical stance All reading involves responding to problems we cannot quite fathom This preoccupation places Joyce alongside Jacques Derrida and Jacques Lacan Joyce as Theory revives debates on theory with a linguistic focus laying open misconceptions that have muddled attempts to be over and done with this kind of thought It demonstrates that Derrida and Lacan almost exclusively presented as rivals converge on a common position It opposes the myth of linguistic theory as a formalist approach instead showing that Joyce Derrida and Lacan give us a hermeneutic ethics alert to how meaning making impacts our lived experience And it challenges the notion that theory imposes matters alien to Joyce demonstrating that it is an appreciation of Joyce's arguments in *Finnegans Wake* that generates a theoretical perspective Joyce as Theory is essential reading for researchers and students in Joyce studies continental philosophy literary theory and modernist literature Aspect Core Rulebook FC 2015 SC Heather Gunn, 2014-06-19 Aspect is not your ordinary dungeon crawling dragon slaying role playing

game Aspect focuses on freedom of character development not linear progression Its rich mechanics allow for sharpened words as well as sharpened blades duels of social wit and mental cunning as well as strategic physical combat familiar to veteran gamers

A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance

Blooming and Contending Michael S. Duke,1985 Chinese literature has been the slave of politics at least since 1948 and especially during the Cultural Revolution So repressed and convoluted is most Chinese literature that the West cannot read it as literature at all but rather as sociological and political texts Professor Duke believes this has changed enough since 1977 to permit genuine literary analysis This book surveys and analyzes the most important literary events in the PRC from 1977 to 1982 Chapter I covers the significant changes in the Chinese Party line on literature and art during this period and thus provides the backdrop for literary and artistic endeavor Subsequent chapters deal with the critique of Chinese literature by China s own writers the neo realistic fiction of 1979 80 the nonfiction works of a courageous investigative reporter for the People s Daily and the theme of humanism and its treatment in the works of Bai Hua and Dai Houying The final chapter discusses the post Mao generation of young writers who are trying to create works that go beyond narrowly ideological boundaries of the past and reach toward a true modern Chinese literature
