Created in Our Image Kitti Carriker,1998 This study takes a look at the problematic role played by the handmade doubles the three dimensional physical figures such as dolls and puppets that fictional characters and craftsmen create in their own images Author Kitti Carriker maintains that especially when created in miniature dolls seem to appeal to the reader s fascination with and fear of images made in human likeness Viewing the doll the robot and the miniature as manifestations of Freud s notion of The Uncanny Lacan s Discourse of the Other Julia Kristeva s concept of The Abject and Susan Stewart s juxtaposition of The Miniature and The Gigantic provides a way to explore the psychological implications of their creation and the extent and limitations of the power they hold if indeed any over the human beings who have served as their models and creators

Imagining Children Otherwise Michael O'Loughlin, Richard T. Johnson,2010 This collection of articles is a sociolinguistic response to the recent explosion of scholarly interest in issues of identity Identity is central to all human beings as we are all concerned with how to conceive of ourselves present ourselves and comprehend our relationships with others The book tackles the problem of how personal identity is made visible and intelligible to others through language and how this may be constrained Part One Emblematic identities focuses on the construction of self definitions based on various forms of group identities including national and ethnic ones Part Two Multicultural Identities looks at negotiation of identities in multicultural contexts involving relations of power drawing on examples from Europe and the Americas Finally Part Three Emergent Identities collects empirical studies based on a close reading of texts in which identities are being articulated and negotiated

**Art and the Transitional Object in Vernon Lee's Supernatural Tales** Patricia Pulham,2017-03-02 In her persuasively argued study Patricia Pulham astutely combines psychoanalytic theory with socio historical criticism to examine a selection of fantastic tales by the female aesthete and intellectual Vernon Lee Violet Paget 1856 1935 Lee s own definition of the supernatural in the preface to Hauntings questions the nature of the genuine ghost and argues that this figure is not found in the Society of Psychical Research but in our own psyches where it functions as a mediator between past and present Using D W Winnicott s transitional object theory which maintains that adults transfer their childhood engagement with toys to art and cultural artifacts Pulham argues that the prevalence of the past in Lee s tales signifies not only an historical but a psychic past Thus the ghosts that haunt Lee s supernatural fiction as well as her aesthetic psychological and historical writings held complex meanings for her that were fundamental to her intellectual development and allowed her to explore alternative identities that permit the expression of transgressive sexualities

Bridging the Gap between Theory and Practice in Translation and Gender Studies Vanessa Leonardi,2013-11-13 The aim of this work is to share information on two very interesting yet debatable issues within the field of Translation Studies namely gender and translation in an attempt to bridge the gap between theory and practice Given the important relationship between translation and gender since the beginning of the theoretical debate in Feminist Translation Studies the aim of this

edited volume is to determine and analyse how this relationship has been approached in different countries not only in Europe but also worldwide Feminist translation is undoubtedly a very interesting and widespread phenomenon which includes and combines questions of language culture gender identity and sexual equality Feminist Translation Studies has established itself as a solid field of research and practice in many countries and its purpose is to reverse the subordinate role of both women and translators in society by challenging and fighting against what is perceived as patriarchal language There are still numerous issues that can be taken into account when focusing on translation and gender and this volume intends to be part of a wider discussion on Translation Studies The volume intends to outline how scholars in various contexts have approached the question of gender and translation the use misuse of the term feminist translation the problematic issue of bridging the gap between theory and practice and to open a new discussion on this field of research which we believe is still a very interesting one to exploit
