Bone and Dream Lake Sagaris,2000 Although the mysterious beautiful Atacama rises out of the Pacific it is the driest place on earth with powers of preservation so strong it still holds many of its earliest inhabitants in thrall mummified by nature As Lake Sagaris journeys into Atacama where foreign mining companies including Canadian plunder the desert for treasures left by volcanic eruptions of the past she interweaves the story of La Tirana who created her own community in fierce resistance to the Spanish invaders and died at the hands of her people moments before her marriage to a Christian captive Bone and Dream brilliantly fusing fiction and non fiction is a tribute to those who ventured into the desert over thousands of years and melded into its surface of rock and bone [For Nature/With Nature: New Sustainable Design Scenarios](#) Claudio Gambardella,2024-05-03 This volume contributes to the construction of a multi voice mosaic on the theme of Nature and the relationship between Man understood as designer and Nature by emphasizing the innovative and sustainable proposals coming from the discipline of design in its many facets and interdisciplinary contributions Since it isn't discussed the creative and economic effort that designers institutions and companies have been leading for years to improve human living conditions preference will be given to scientific contributions unpublished or not yet fully known case studies projects of strategies products systems and services theoretical contributions communication that are an expression of a new approach to Nature seen as our ally and object of an ethics of care The focus is the design both in its role as innovation driver and interpreter of social evolution that must be considered within the human nature relationship The topics identify some of the most relevant fields of development in which Design Driven Innovation can be developed in the respect of perspective of a new relationship with nature [Canadian Books in Print. passionate response from those who experience it and has inspired powerful literature The writings in this collection celebrate this complex environment in all its wondrous guises Among them 19th century explorer Sven Hedin staggers through a deadly sandstorm in the Taklamatan desert whose name means You enter and do not return Ann Zwinger contemplates golden asters and rabbitbush in a lonely Utah canyon Ariel Dorfman encounters time and memory in El Norte Grande This fascinating anthology is the first in a series from Greystone Books celebrating a single natural or geographic phenomenon through the eyes of major world writers past and present *Moon Chile* Wayne Bernhardson,2013-07-23 Seasoned author and South America expert Wayne Bernhardson covers the best of Chile s rich history and culture from skiing in the boroughs of Santiago to wine tasting in the country s heartland To help travelers plan for their trip Bernhardson includes insightful and fun suggested itineraries such as 10 Days Skiing in the Andes Exploring Wine Country and Exploring Chilean Highlights With information on fly fishing at Sur Chico following the path of Chilean poet Pablo Neruda and exploring the remote corners of the Atacama desert Moon Chile gives travelers the tools they need to create a more personal and memorable experience T. S. Eliot Between Two Worlds David Ward,2015-12-22 The basis of this critical examination of Eliot s work first published in 1973 is the investigation of his transmutation of this and other philosophical mythological and religious motives into the textures of his verse This book focuses on Eliot s peculiar eclectic approach to what he described as the Tradition It also recognises the fact that Eliot for all his attempts at universality was a product of time and place and gives an account of the way in which his education and experience shaped his most important interests This title will be of interest to students of literature *Canadian Books in Print* ,2003 Moon Handbooks ,2009-10 **Canadian Books in Print 2002** Marian Butler,2002-02 *Canadian Periodical Index* ,2000 *The Palgrave Handbook of Magical Realism in the Twenty-First Century* Richard Perez,Victoria A. Chevalier,2020-04-30 The Palgrave Handbook of Magical Realism in the Twenty First Century examines magical realism in literatures from around the globe Featuring twenty seven essays written by leading scholars this anthology argues that literary expressions of magical realism proliferate globally in the twenty first century due to travel and migrations the shrinking of time and space and the growing encroachment of human life on nature In this global context magical realism addresses twenty first century politics aesthetics identity and social national formations where contact between and within cultures has exponentially increased altering how communities and nations imagine themselves This text assembles a group of critics throughout the world the Americas Europe Africa Asia the Middle East and Australia who employ multiple theoretical approaches to examine the different ways magical realism in literature has transitioned to a global practice thus signaling a new stage in the history and development of the genre Quill & Quire ,2001 *Airman* ,2001-04 **Trickster in the Land of Dreams** Zeese Papanikolas,1998-10-01 Zeese Papanikolas forges seemingly disparate events and movements in western history including some of its strangest and most exotic strains into a coherent whole by examining them against the laughter and wisdom of Shoshonean trickster tales Seen

against these tales the West becomes both a canvas for the projection of utopian dreams and the site of their shattered remains Papanikolas undertakes a dramatic retelling of Shoshoni creation stories and examines along with other topics the mythologies embedded in the Dream Mine of Mormon folklore the heroic images of cowboys and Wobblies the MX missile the dark side of Oz and the Las Vegas of tourists dam builders and gamblers Among those whose visions are played out against the mirage haunted background of the West are Cabeza de Vaca Winston Churchill Big Bill Haywood and Native American wise man Antelope Jake It is a testament to the power of Papanikolas's conception that he can weave the themes and topics of each chapter into a book that is both eloquent and intellectually stimulating *A Desert Bestiary* Gregory McNamee, 1996

A Collection of Creative Anthropologies brings together a series of creative work of anthropologists who share the art of writing that arises from ordinary engagement and reveals its potential for the reimagining of anthropological futures and alternative worlds This is a collection of creative anthropology anchored in experimentality and encouragement A book that defies imaginaries of academic convention through the cultivation of a mundus imaginalis requiring moments of pause of introspection and of discomfort This centring of creativity at the heart of anthropology subtly conveys how the complex ethical and moral issues around fieldwork and anthropological theorising can be reflected on through writing otherwise in creative spaces such as this book *A Collection of Creative Anthropologies* fits the current call for radical revisions of the academic canon in anthropology and the social sciences and humanities more broadly
