Lincoln Park in Chicago which integrate botanical or zoological divisions as well as museums and recreational facilities While this book attempts to provide basic principles involved in public garden management it does not claim to be a substitute for broader familiarity Environmental Studies □ 3 Madhubun, Environmental Studies Understanding the World Around Us is a series of five books for classes 1 to 5 on Environmental Studies The series strictly follows the new NCERT syllabus and the vision of the National Curriculum Framework NCF 2005 The series introduces young learners to their environment They also learn how to preserve it while reading the books The books have been written in a child friendly language and are supported by lively illustrations The concepts have been explained in a simple clear and logical manner for better understanding
