Ring Around the Maple Cynthia R. Comacchio, Neil Sutherland, 2024-10-29 *Ring Around the Maple* is about the condition of children in Canada from roughly 1850 to 2000 a time during which the modern increasingly disrupted traditional ways Authors Cynthia R Comacchio and Neil Sutherland trace the lives of children over this long century with a view to synthesizing the rich interdisciplinary often multi disciplinary literature that has emerged since the 1970s Integrated into this synthesis is the authors new research into many often seemingly disparate archival and published primary sources Emphasizing how the child and childhood are sociohistoric constructs and employing age analytically and relationally they discuss the constants and the variants in their historic dimensions While childhood tangibly modernized during these years it remained a far from universal experience due to identifiers of race gender culture region and intergenerational adaptations that characterize the process of growing up This work highlights children's perspectives through close critical against the grain readings of diaries correspondence memoirs interviews oral histories and autobiographies many buried in obscure archives It is the only extant historical discussion of Canadian children that interweaves the experiences of First Nations Métis and Inuit children with those of children from a number of settler groups *Ring Around the Maple* makes use of photographs catalogues advertisements government publications musical recordings radio shows television shows material goods documentary and feature films and other such visual and aural testimony Much of this evidence has not to date been used as historical testimony to uncover the lives of ordinary children This book is generously illustrated with photographs and ephemera carefully selected to reflect children's lives conditions interests and obligations It will be of special interest to historians and social scientists interested in children and the culture of childhood but will also appeal to readers who enjoy the little stories that together make up our collective history especially when those are told by the children who lived them *Acadiensis*, 2004 **Canadian Books in Print**, 2003 **The Writers**

Directory, 2013 **Quill & Quire**, 2004 **The Canadian Experience of the Great War** Brian Douglas Tennyson, 2013-05-01 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these

people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson s The Canadian Experience of the Great War A Guide to Memoirs is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans
