Of The Epic:

The History of the Epic A. Johns-Putra, 2006-07-11 This book presents a history of the epic from the classical age to the present day It deals not just with the well know epics of antiquity and the Renaissance but also pursues developments in more recent literature and film It offers an exploration of the changes that have taken place in the genre from Homer to Hollywood

The Book of the Epic H.A Guerber, 2020-07-28 Reproduction of the original The Book of the Epic by H A Guerber *The Book of the Epic* H[un]ne Adeline Guerber, 1913-01-01 Return of the Epic Film Andrew Elliot, 2015-03-05 With the success of Gladiator both critics and scholars enthusiastically announced the return of a genre which had lain dormant for thirty years However this return raises important new questions which remain unanswered Why did the epic come back and why did it fall out of fashion Are these the same kinds of epics as the 1950s and 60s or are there aesthetic differences Can we treat Kingdom of Heaven 300 and Thor indiscriminately as one genre Are non Western histories like Hero and Mongol epics too Finally what precisely do we mean when we talk about the return of the epic film and why are they back The Return of the Epic Film offers a fresh way of thinking about a body of films which has dominated our screens for a decade With contributions from top scholars in the field the collection adopts a range of interdisciplinary perspectives to explore the epic film in the twenty first century

The Tradition of the Trojan War in Homer and the Epic Cycle Jonathan S. Burgess, 2001-12-21 Burgess challenges Homer's authority on the history and legends of the Trojan War placing the Iliad and Odyssey in the larger often overlooked context of the entire body of the Greek epic poetry of the Archaic Age

HOMER AND THE EPIC a shortened version of 'The Songs of Homer' Geoffrey Stephen Kirk, **The Epic Imaginary** Charlton Payne, 2012-07-04 This study analyzes how the imagination of the epic genre as legitimately legitimating community also unleashes an ambivalence between telling coherent and hence legitimating stories of political community and narrating open ended stories of contingency that might de legitimate political power Manifest in eighteenth century poetics above all in the disjunction between programmatic definitions of the epic and actual experiments with the genre this ambivalence can also arise within a single epic over the course of its narrative The present study thus traces how particular eighteenth century epics explore an originary incompleteness of political power and its narrative legitimations The first chapter sketches an overview of how eighteenth century writers construct an imaginary epic genre that is assigned the task of performing the cultural work of legitimating political communities by narrating their allegedly unifying origins and borders The subsequent chapters however explore how the practice of epic storytelling in works by Klopstock Goethe Wieland and in an epilogue Brentano enact the disruptive potential of poetic language and narrative to question the legitimations of imaginary political origins and unities The Epic Trickster in American Literature Gregory E. Rutledge, 2013-04-26 Just as Africa and the West have traditionally fit into binaries of Darkness Enlightenment Savage Modern Ugly Beautiful and Ritual Art among others much of Western cultural production rests upon the archetypal binary of Trickster Epic with trickster

aesthetics and commensurate cultural forms characterizing Africa Challenging this binary and the exceptionalism that underlies anti hegemonic efforts even today this book begins with the scholarly foundations that mapped out African trickster continuities in the United States and excavated the aesthetics of traditional African epic performances Rutledge locates trickster like capacities within the epic hero archetype the epic trickster paradigm and constructs an Homeric Diaspora which is to say that the modern Homeric performance foundation lies at an absolute time and distance away from the ancient storytelling performance needed to understand the cautionary aesthetic inseparable from epic potential As traditional epic performances demonstrate unchecked epic trickster dynamism anticipates not only brutal imperialism and creative diversity but the greatest threat to everyone an eco apocalypse Relying upon the preeminent scholarship on African American trickster heroes traditional African heroic performances and cultural studies approaches to Greco Roman epics Rutledge traces the epic trickster aesthetic through three seminal African American novels keenly attuned to the American Homeric Diaspora Charles Chesnutt s *The Marrow of Tradition* Richard Wright s *Native Son* and Toni Morrison s *Beloved* [The Epic Gaze](#) Helen Lovatt,2013-06-27 Re envisions epic from Homer to Nonnus through theories of the gaze [The Epic Hero](#) Dean A. K. Seung, 2005-01-01 The author deciphers Nietzsche's most enigmatic work as Zarathustra's epic campaign to save secular culture from degradation in the godless world In this epic reading the ostensibly atheistic work turns out to be a profound religious text This revelation is breathtaking and edifying *The Book of the Epic, the World's Great Epics Told in Story*

(Classic Reprint) H. A. Guerber, 2017-10-16 Excerpt from The Book of the Epic the World's Great Epics Told in Story Every now and then in our reading we come suddenly face to face with first things the very elemental sources beyond which no man may go There is a distinct satisfaction in dealing with such beginnings and when they are those of literature the sense of freshness is nothing short of inspiring To share the same lofty outlook to breathe the same high air with those who first sensed a whole era of creative thoughts is the next thing to being the gods chosen medium for those prima expressions All this is not to say that the epic is the oldest form of literary expression but it is the expression of the oldest literary ideas for even when the epic is not at all primitive in form it deals essentially with elemental moods and ideals Epical poetry is poetic not because it is metrical and conformative to rhythmical standards though it usually is both but it is poetry because of the high sweep of its emotional outlook the bigness of its thought the untamed passion of its language and the musical flow of its utterance Here then we have a veritable source book of the oldest ideas of the race but not only that we are also led into the penetralia of the earliest thought of many separate nations for when the epic is national it is true to the earliest genius of the people whose spirit it depicts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
