Like No Other:

Like No Other Mark T. McNally, 2015-12-31 *Like No Other* Exceptionalism and Nativism in Early Modern Japan probes the association of the early modern Japanese intellectual institution called Kokugaku with the phenomenon of nativism Uncovering profound differences that cast serious doubt on this association Mark McNally argues that what Japanologists viewed as nativistic about Kokugaku were actually more typical of what Americanists call exceptionalism By severing the link between Kokugaku and nativism he is able to explore within early modern Japanese history instances that were more genuinely nativistic such as the upheaval associated with the intercultural encounters with Westerners during the 1850s and 1860s that culminated in the overthrow of Japan's last shogun He also documents for the first time in Japanese studies the ways in which exceptionalism applies to Japanese history not by focusing on either Nihonjinron or on Kokugaku the connection between the former and exceptionalism is one that Americanists have already made and the connection between the two Japanese institutions is one that Japanologists already know well but by highlighting the central role of Confucianism While Americans looked to the Judeo Christian tradition for their exceptionalist ideas their counterparts in early modern Japan looked to Confucianism whose foundational connections to exceptionalism were perhaps stronger than any analogous tradition in the West Despite the fact that exceptionalism and nativism occupy distinct positions within the historiographical traditions of both the United States and Japan they also intersect and overlap in the latter case which strongly suggests that this situation may also be true in other places including the United States *Like No Other Business* Bob

E. Sinclair, 2025-08-19 From famed zoologist Anthony

Sinclair an account of his decades long quest to understand one of Earth's most spectacular ecosystems With its rich biodiversity astounding wildlife and breathtaking animal migrations Serengeti is like no other ecosystem on the planet *A Place like No Other* is Anthony Sinclair's firsthand account of how he and other scientists discovered the biological principles that regulate life in Serengeti and how they rule all of the natural world When Sinclair first began studying this spectacular ecosystem in 1965 a host of questions confronted him What environmental features make its annual migration possible What determines the size of animal populations and the stunning diversity of species What factors enable Serengeti to endure over time In the five decades that followed Sinclair and others sought answers What they learned is that seven principles of

regulation govern all natural processes in the Serengeti ecosystem Sinclair shows how these principles can help us to understand and overcome the challenges facing Serengeti today and how they can be used to repair damaged habitats throughout the world Blending vivid storytelling with invaluable scientific insights from Sinclair's pioneering fieldwork in Africa *A Place like No Other* reveals how Serengeti holds timely lessons for the restoration and conservation of our vital ecosystems

An Army Like No Other Haim Bresheeth-Zabner, 2020-08-25 A history of the IDF that argues that Israel is a nation formed by its army The Israeli army officially named the Israel Defence Forces IDF was established in 1948 by David Ben Gurion Israel's first prime minister who believed that the whole nation is the army In his mind the IDF was to be an army like no other It was the instrument that might transform a diverse population into a new people Since the foundation of Israel therefore the IDF has been the largest richest and most influential institution in Israel's Jewish society and is the nursery of its social economic and political ruling class In this fascinating history Bresheeth charts the evolution of the IDF from the Nakba to the continued assaults upon Gaza and shows that the state of Israel has been formed out of its wars He also gives an account of his own experiences as a young conscript during the 1967 war He argues that the army is embedded in all aspects of daily life and identity And that we should not merely see it as a fighting force enjoying an international reputation but as the central ideological political and financial institution of Israeli society As a consequence we have to reconsider our assumptions on what any kind of peace might look like

A God Like No Other: Depaganizing the God of the Hebrew Bible David A. Brondos, 2024-07-15 For centuries scholars and interpreters of the Hebrew Scriptures or Old Testament have read those Scriptures as if they spoke of a God whose desires concerns and interests were essentially no different than those of the other gods of antiquity known to us Like those gods what the God of Israel supposedly sought above all else was the honor worship and obedience of human beings and their submission to his will as his faithful and devoted servants While he undoubtedly demanded the practice of what was good right and merciful among his people in a way that set him apart from other gods ultimately he did so for his own sake in order to bring about in them the type of behavior that pleased him and compel them to live in conformity with his justice holiness and righteousness Those who sought to enjoy his blessings and avoid his fierce wrath and punishments had no choice but to strive to keep him content by observing all that he had commanded and making atonement for the sins and

offenses they committed by offering him the sacrifices that appeased him Although he loved his people deeply his righteous and holy nature placed limits on that love and prevented him from showing them his favor unless the demands of his nature were satisfied When we abandon such an understanding of the God of Israel and instead read the Hebrew Bible on its own terms in order to grasp the logic underlying its narratives however a very different portrait of God emerges The God of whom the biblical texts speak is a God who desires nothing but the good for all those whom he has created and refuses to back down from his efforts to bring them to live in ways that will allow them to enjoy the wholeness and well being he desires for all when they insist on filling their lives with injustice suffering and violence When he demands that they obey all that he has commanded by practicing justice and compassion and avoiding behaviors that do them harm he does so not for his sake but for theirs If he jealously refuses to let his people serve and worship other gods it is only because those gods bring death and destruction rather than the life that is found in him alone While at times he must himself resort to violence and even bring down evil on human beings in order to put a stop to oppression and injustice he does so only because his passionate and unbending commitment to the well being of all of the families of the earth together with his beloved people Israel will not allow him to hold back or relent in his efforts to save them not from him but from themselves Christian and Jewish readers alike will find in the present volume a God who is very different from the God they have been taught to encounter previously in the biblical texts a God whose ultimate concern is not for his own glory honor or worship or for the demands of a righteous and holy nature that holds him captive but for the healing wholeness and well being of all of his creatures Such an understanding of God not only calls into question traditional interpretations of the Hebrew Bible but also lays the basis for a fresh reading of the many difficult passages that have long challenged biblical interpreters due to the violent and troubling image of God that they convey

Nieuwkerk,1995 In Egypt singing and dancing are considered essential on happy occasions Professional entertainers often perform at weddings and other celebrations and a host family s prestige rises with the number expense and fame of the entertainers they hire Paradoxically however the entertainers themselves are often viewed as disreputable people and are accorded little prestige in Egyptian society This paradox forms the starting point of Karin van Nieuwkerk s look at the Egyptian entertainment trade She explores the lives of female performers and the reasons why work they regard as a trade

like any other is considered disreputable in Egyptian society In particular she demonstrates that while male entertainers are often viewed as simply making a living female performers are almost always considered bad seductive women engaged in dishonorable conduct She traces this perception to the social definition of the female body as always and only sexual and enticing a perception that stigmatizes women entertainers even as it simultaneously offers them a means of livelihood Drawn from extensive fieldwork and enriched with the life stories of entertainers and nightclub performers this is the first ethnography of female singers and dancers in present day Egypt It will be of interest to a wide audience in anthropology women s studies and Middle Eastern culture as well as anyone who enjoys belly dancing A life like any other? Like No Other Time Tom Daschle,Michael

D'Orso,2003-11-04 Tom Daschle the Majority Leader of the historic 107th Senate presents a candid insider s account of the workings of the U S government during two of the most tumultuous years in the nation s history The 107th Congress faced a time like no other in the life of the nation This was the era of the first presidential election to be decided by the United States Supreme Court the fifty fifty Senate the horror of September 11 the anthrax attacks on media and the government including Daschle s own office the war on terrorism corporate scandals that shook the economy the inexorable move toward war with Iraq and other dramatic events all leading up to the historic midterm elections of 2002 Through it all Senator Tom Daschle had with the exception of the President the most privileged view of these unfolding developments both in front of and behind the closed doors of government In **Like No Other Time** Daschle offers a riveting account of his singular perspective on a time when the nation faced deadly and elusive external enemies and a level of domestic political contention rarely seen in American history Senator Daschle is unflinching in his impressions of the key political figures of our time from both parties The result is an acutely perceptive assessment of how our government met and sometimes did not meet the challenges of a remarkable era As it was during the years of the 107th Congress the United States is once again at a critical and historic crossroads Our choices based on what we have learned from our recent past will affect our future in profound ways For Senator Daschle the first and perhaps most important choice lies with what kind of representation and leadership we want in government It is a choice between a political party with a core philosophical belief in the power of our collective will to confront these challenges through our government and one dominated by a group of people who don t like and don t believe in government **A War Like No Other** Owen Fiss,2004-04-15 A scholarly and cautionary collection of essays focusing on

what Fiss views as the post 9 11 debasements of key provisions of the Constitution Kirkus Reviews A leading legal scholar for more than thirty years Owen Fiss s focus was civil procedure and equal protection But when the War on Terror began to shroud legal proceedings in secrecy he realized the bulwarks of procedure that shield the individual from the awesome power of the state were dissolving perhaps irreparably and that it was time for him to speak up The ten chapters in this volume cover the major legal battlefronts of the War on Terror from Guant namo to drones with a focus on the constitutional

implications of those new tools The underlying theme is Fiss's concern for the offense done to the US Constitution by the administrative and legislative branches of government in the name of public safety and the refusal of the judiciary to hold the government accountable *A War Like No Other* is an essential intellectual foundation for all concerned about constitutional rights and the law in a new age Fiss is one of our most clear-eyed and hard-edged constitutional analysts and this critique of the damage done to our constitutional heritage in the name of waging a war on terror is the most devastating I have seen Stanley N Katz director of the Princeton University Center for Arts and Cultural Policy Studies An essential contribution from one of the country's foremost legal scholars Jonathan Hafetz former senior attorney for the National Security project of the ACLU Thought provoking Publishers Weekly *A Spy Like No Other* Robert Holmes, 2012-10-04 The arms race between the Soviet Union and the USA was the most dangerous confrontation in the history of the world Soviet leader Nikita Khrushchev's decision to place nuclear missiles in Cuba and US President John F Kennedy's willingness to call his bluff brought the Soviet Union and the West to the edge of a cataclysmic nuclear war Now on the fiftieth anniversary of the Cuban Missile Crisis Robert Holmes a British diplomat in Moscow during the early 1960s provides an answer to one of the greatest mysteries of the Cold War Kennedy's confidence in his brinkmanship hung on the evidence provided by Oleg Penkovsky the MI6 CIA agent inside Soviet military intelligence While working on *A Spy Like No Other* Holmes set out to tell Penkovsky's story But in doing so he stumbled upon an astonishing chain of intrigue betrayal and revenge that suggested a group of maverick Soviet intelligence officers had plotted the crime of the century When Penkovsky's treachery was discovered in the middle of the Missile Crisis he was executed and his boss General Ivan Serov the head of Soviet military intelligence and a former head of the KGB was subsequently dismissed The Soviet propaganda machine then thoroughly discredited Serov and consigned him to obscurity In this extraordinary new study Holmes suggests Serov's anger at the West's victory in Cuba and his resentment at the treachery of his protégé and his own downfall turned into an obsessive determination to gain revenge and reveals the opportunity he had to do so by working with KGB rogue officers to enlist a young American loner Lee Harvey Oswald to assassinate the President *A Town Like No Other* Elfreda Knaus, 2017-02-20 When Tom woke from a coma he stirred a little country town in outback Australia with an incredible story of people going missing and a hopelessness of the future Then he found a stack of letters and notes What he read in them changed his misery into a life worth living He only knew an elusive God but this was a God that really answers prayer Its a story of hope Its a glimpse of heaven Its about the great length our Lord goes to to get our attention
