In the Presence of Power Maurice A. Pomerantz, Evelyn Birge Vitz, 2017-12-05 Insights into power spectacle and performance in the courts of Middle Eastern rulers In recent decades scholars have produced much new research on courtly life in medieval Europe but studies on imperial and royal courts across the Middle East have received much less attention particularly for courts before 1500AD In the Presence of Power however sheds new light on courtly life across the region This insightful exploratory collection of essays uncovers surprising commonalities across a broad swath of cultures The pre modern period in this volume includes roughly seven centuries opening with the first dynasty of Islam the Umayyads whose reign marked an important watershed for Late Antique culture and closing with the rule of the so called gunpowder empires of the Ottomans and Safavids over much of the Near East in the sixteenth century In between this volume locates similarities across the Western Medieval Byzantine and Islamicate courtly cultures spanning a vast history and geography to demonstrate the important cross pollinations that occurred between their literary and cultural legacies This study does not presume the presence of one shared courtly institution across time and space but rather seeks to understand the different ways in which contemporaries experienced and spoke about these places of power and performance Adopting a very broad view of performances In the Presence of Power includes exuberant expressions of love in Arabic stories shadow plays in Mamluk Cairo Byzantine storytelling religious food traditions in Christian Cyprus advice and political and ethnographic performances of power

Rational Spirituality and Divine Virtue in Plato Michael LaFargue, 2016-04-28 Michael LaFargue presents an important and accessible aspect of Plato s legacy largely overlooked today a variety of personal spirituality based on reason and centered on virtue Plato s Virtue Forms are transcendent in their goodness ideals that Platonists can use to improve character and become like God so far as is humanly possible LaFargue constructs a model of inductive Socratic reasoning capable of acquiring knowledge of these perfect Virtue Forms then scales back claims about these Forms to what can be supported by this kind of reasoning This is a critical theory but also a pluralistic one that accommodates modern cultural diversity A how to chapter provides detailed descriptions of the rules of Socratic reasoning basic to this spirituality which any interested individual can practice today LaFargue supports his interpretation by a close reading of the Greek text of key passages in Plato s dialogues The work also undertakes a broader philosophical consideration discussing the philosophical foundations proposed for this Platonism in relation to the thought of G E Moore Ludwig Wittgenstein Martin Heidegger Friedrich Nietzsche and Richard Rorty

Irony in the Bible , 2023-03-13 It is generally agreed that there is significant irony in the Bible However to date no work has been published in biblical scholarship that on the one hand includes interpretations of both Hebrew Bible and New Testament writings under the

perspective of irony and on the other hand offers a panorama of the approaches to the different types and functions of irony in biblical texts The following volume 1 reevaluates scholarly definitions of irony and the use of the term in biblical research 2 builds on existing methods of interpretation of ironic texts 3 offers judicious analyses of methodological approaches to irony in the Bible and 4 develops fresh insights into biblical passages Weekly World News ,2000-01-25 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Weekly World News** ,2002-09-24 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **Catalog of Copyright Entries** Library of Congress. Midpoint Love Simplified, 2nd Edition Cotter Books,2009-06 **The Tragic and the Ecstatic** Chafe,2008-08-12 During

the years preceding the composition of *Tristan and Isolde* Wagner's aesthetics underwent a momentous turnaround principally as a result of his discovery of Schopenhauer. Many of Schopenhauer's ideas especially those regarding music's metaphysical significance resonated with patterns of thought that had long been central to Wagner's aesthetics and Wagner described the entry of Schopenhauer into his life as a gift from heaven. Chafe argues that Wagner's *Tristan and Isolde* is a musical and dramatic exposition of metaphysical ideas inspired by Schopenhauer. The first part of the book covers the philosophical and literary underpinnings of the story exploring Schopenhauer's metaphysics and Gottfried von Strassburg's *Tristan* poem. Chafe then turns to the events in the opera providing tonal and harmonic analyses that reinforce his interpretation of the drama. Chafe acts as an expert guide interpreting and illustrating most important moments for his reader. Ultimately Chafe creates a critical account of *Tristan* in which the drama is shown to develop through the music.
