Harold Anson,1926 **The Letter of James A Practical Faith** Practical Christianity Foundation,2020-08-08 A Practical Faith A powerful and inspiring letter written to Jewish Christians fleeing persecution at the hands of violent oppressors and to believers throughout the ages exhorting them to seek God s wisdom for understanding and perseverance and to closely guard the fellowship with godly wisdom and to express their faith through good and godly works William James on Ethics and Faith Michael R. Slater,2009-09-10 This book offers a new interpretation of William James s ethical and religious thought Michael Slater shows that James s conception of morality or what it means to lead a moral and flourishing life is intimately tied to his conception of religious faith and argues that James s views on these matters are worthy of our consideration He offers a reassessment of James s will to believe or right to believe doctrine his moral theory and his neglected moral arguments for religious faith And he argues that James s pragmatic account of religion is based on an ethical view of the function of religion and a realist view of the objects of religious belief and experience and is compatible with his larger conception of pragmatism The book will appeal to readers interested in the history of modern philosophy especially pragmatism as well as those interested in moral philosophy religion and the history of ideas **Holistic Christianity: The Christianity of the 3rd Millennium** Advanced Apologetics Research, In a time when many aspects of faith are often reduced to simplistic or polarized viewpoints Dr James Holistic Christianity brings together multiple dimensions of the Christian experience The book examines the roles of reason experience relationships emotions faith and spirituality among others to present a Christian worldview that addresses rational and empirical realities while remaining true to the spiritual and relational core of the faith A Comprehensive Guide to Holistic Christian Living The book is divided into 31 chapters each designed to challenge common reductionisms in contemporary Christian thought Dr James skillfully presents alternatives to extreme positions by exploring chapters such as Rational Not Rationalism Discover the role of reason in faith without reducing Christianity to mere intellectualism Liberty Not Legalism or License Understand how true freedom in Christ transcends rigid rules and moral laxity Empirical Not Empiricism Appreciate the value of experience while acknowledging that not all spiritual truths can be empirically verified Test Everything Learn the biblical call to test and discern balancing skepticism with faith Holistic Epistemology Embrace a balanced approach to knowledge that integrates reason faith
