Of The Back:

Postures - the book of the back Anne-Lise Gotsche, 2007 Back pain depends on posture and movement as well as on seating and table top design both at home and in the public work environment This book is aimed at everyone with an interest in back pain and how to avoid it both as lay readers and patients and as professionals It contains a new updated list of commercial products and recommended medical texts From the Back of the Hearse J. D. Holman, 2009-02 So here I am sitting on a cold tile floor in an embalming room leaning against the wall with a dead naked lady in my lap and laughing until tears come to my eyes Death is not a respecter of persons or age Through illness disease homicide suicide or accident it takes the young old rich and poor Sometimes it s horrible sometimes sad sometimes unnecessary and sometimes a blessing Sometimes it is even humorous It is not written to be disrespectful but to show that even in times of sadness and despair there can be a lighter side to death *Training From the Back of the Room!* Sharon L. Bowman, 2008-12-23 From Sharon L. Bowman the author of the best selling Ten Minute Trainer comes the dynamic new book Training from the BACK of the Room This innovative resource introduces 65 training strategies that are guaranteed to deliver outstanding training results no matter what the topic group or learning environment Now trainers can replace the traditional Trainers talk learners listen paradigm with a radical new model for designing and delivering instruction When learners talk and teach they learn **At the Back of the North Wind (Illustrated Edition)** George MacDonald, 2022-11-13 In At the Back of the North Wind George MacDonald weaves an enchanting tale that transcends the boundaries of children s literature delving into themes of love sacrifice and the interplay between reality and imagination This illustrated edition enhances the poetic prose and vivid imagery that characterize MacDonald s literary style reminiscent of both fairy tales and the Romantic tradition The narrative follows young Diamond whose adventures with the mystical North Wind reveal profound truths about human existence and the abstract concept of wonder MacDonald s exploration of the ethereal and the mundane invites readers to contemplate the nature of dreams and the essence of hope within the context of Victorian society where moral lessons were paramount in literature George MacDonald 1824 1905 stands as a pivotal figure in the development of fantasy literature significantly influencing contemporaries like C S Lewis and J R R Tolkien His deep Christian faith and philosophical insights are interwoven throughout his works reflecting a worldview that celebrates both the extraordinary and the everyday MacDonald s unique ability to recount stories that captivate both children and adults can be traced to his background as a minister and his profound understanding of human emotion and spirituality I highly recommend At the Back of the North Wind for readers seeking a richly layered narrative that invites reflection and ignites the imagination This beautifully illustrated edition not only serves as a gateway into MacDonald s fantastical world but also stands as a testament to the enduring power of storytelling and the limitless possibilities of what lies at the back of our own perceptions *"Spinal Irritation"; Or, The Causes of Back-ache Among American Women* Charles Fayette Taylor, 1866 *Roars from the Back of the Bus* Stewart

McKinney,2012-09-06 Roars from the Back of the Bus is an absorbing amusing and at times moving collection of tales that give a rare insight into the camaraderie that exists between players at the top of their game showing that relationships forged through experiences on a Lions tour last a lifetime From the first Tour in 1888 it showcases characters with immense personality who fought together in wars or on rugby pitches in foreign lands and who shared a bond developed through touring as representatives of the home nations Despite the changes to the game after the advent of professionalism the experiences of Jamie Heaslip Brian O Driscoll and Joe Worsley are still similar in some ways to those of earlier intrepid tourists like Blair Mayne Lewis Jones Sir Carl Aarvold or David Rollo Containing defining memories and private insights from across the tours and the decades Roars from the Back of the Bus shows that the Lions ethos remains strong at the heart of every team
