Origins of Hebrew Liturgical Rhetoric and Poetics Joseph Yahalom,2024-07-22 This book follows the origins of the Kedushta a sequence of poems that leads up to the epitome of Jewish prayer the Kedusha or Sanctus It tracks back the earliest forms of prayer in late antiquity and by doing so defines the main characteristics of this genre both from the standpoint of Rhetoric and poetics This genre draws from Midrash and Mysticism adjacent literary forms that influence liturgical poetry How has such an enigmatic and complex liturgical genre survived the twists and turns of history and is recited to this day for over 1500 years The answer to this question pertains to both form and content When analyzing form

we address rhyme alphabetical acrostics and different poetic forms Those all have a specific rhetorical function in determining the structure of the poem pushing it forward and musically aligning the different segments The form cannot be detached from narratology referencing early midrash and mysticism In addition the emotional approach of the private prayer can express one's existential pain as part of an oppressed community We can follow the composition of the prayer book for each community over the ages through the first millennium starting with Geniza fragments to the European prayer books Finally these poems use of sophisticated etymology correlation by sound leads to innovative Medieval interpretation of the Torah It seems that the combination of a public recitation simulating a divine choir the musicality of the text and emotional depth all contributed to this eternal poetic genre to penetrate cross cutting traditions of prayer throughout the ages

The Ancient Synagogue Lee I. Levine, Yisrā-ʾel L. Lēwîn, Professor Lee I Levine, 2000-01-01 Annotation The synagogue was one of the most central and revolutionary institutions of ancient Judaism leaving an indelible mark on Christianity and Islam as well This commanding book provides an in depth and comprehensive history of the synagogue from the Hellenistic period to the end of late antiquity Drawing exhaustively on archeological evidence and on such literary sources as rabbinic material the New Testament Jewish writings of the Second Temple period and Christian and pagan works Lee Levine traces the development of the synagogue from what was essentially a communal institution to one which came to embody a distinctively religious profile Exploring its history in the Greco Roman and Byzantine periods in both Palestine and the Diaspora he describes the synagogue's basic features its physical remains its role in the community its leadership the roles of rabbis Patriarchs women and priests in its operation its liturgy and its art What emerges is a fascinating mosaic of a dynamic institution that succeeded in integrating patterns of social and religious behavior from the contemporary non Jewish society while maintaining a distinctively Jewish character

The Old Testament in Eastern Orthodox Tradition Eugen J. Pentiu, 2014-04 This study provides a general overview and a succinct analysis of the primary ways in which the Old Testament has been received interpreted and conveyed within Eastern Orthodox tradition filling a vacuum in scholarly literature on the history of biblical interpretation The book is divided into two parts Reception and Interpretation Under Reception issues such as unity and diversity of the Christian Bible text canon and Tradition are considered The second part Interpretation focuses on Eastern Orthodox modes of interpretation discursive and intuitive Among the discursive modes the patristic exegesis is chosen as a case study The intuitive modes representing the so called liturgical exegesis are subdivided into aural hymns psalmody lectionaries and visual portable icons frescoes mosaics A special emphasis is placed on the hallmarks of Eastern Orthodox reception and interpretation of the Old Testament including the centrality of Scripture within Tradition a blend of flexibility and strictness at all levels of the faith community integrative function and holistic use of the sacred text a tensed unity of discursive and intuitive modes of interpretation and a dynamic synergy between formative and informative goals in the use of Scripture
