Third Similitudes:

Richard of St. Victor's Theory of Imagination Ritva Palmén,2014-08-21 Richard of St Victor d 1173 developed original ideas about the faculty of imagination in a twelfth century Parisian context Related to the historical study of philosophical psychology Richard of St Victor s Theory of Imagination acknowledges that the faculty of imagination being a necessary precondition for human reasoning and a link between soul and body plays an important role in Richard s understanding of the human soul Richard also deals with the interpretation of biblical language metaphors rhetoric and the possibility of creative imagination Considering all these aspects of the imagination in Richard s texts improves our understanding of his theological epistemology and sheds new light on the theory of the imagination in the history of medieval philosophy in general

The Sacred Writings of the Pastor of Hermas (Annotated Edition) Pastor of Hermas,2012 The Sacred Writings Of provides you with the essential works among the Early Christian writings The volumes cover the beginning of Christianity until before the promulgation of the Nicene Creed at the First Council of Nicaea Every single volume is accurately annotated including an extensive biography of the author and his life The book consists of five visions twelve mandates or commandments and ten similitudes or parables The whole book is thus concerned with the Christian virtues and their exercise It is an ethical not a theological work The intention is above all to preach repentance A single chance of restoration after fall is given to Christians and this opportunity is spoken of as something new which had never been clearly published before The writer is pained by the sins of the faithful and is sincerely anxious for their conversion and return to good works

The Apostolic Fathers and, the Fathers of the Third Century George A. Jackson,2024-05-30 Reprint of the original first published in 1882 *The Ante-Nicene Fathers* Alexander Roberts,2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume II of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of the Pastor of Hermas author of a popular book in the Ante Nicene era Tatian a second century theologian Theophilus a Christian convert and early apologist Athenagoras a Christian convert and accomplished philosopher and Clement of Alexandria who wrote *Protrepticus* *Paedagogus* and *Stromata* *A Commentarie Upon S.
