Cracking the Corporate Code Price M. Cobbs,Judith L. Turnock,2000-10-01 *Diversity Managers: Angels of Mercy or Barbarians at the Gate* Dr. Shelton J. Goode,2014 Diversity managers who want to integrate cost effective battle tested initiatives don t have enough tools and resources to identify and apply best practices to actual work situations These programs demand time energy and money and the empirical evidence about outcomes is limited The few studies out there contradict each other which can make it nearly impossible to determine what practices to implement Dr Shelton J Goode who has spent more than twenty years as a diversity and human resource management professional cuts through the clutter to help you locate strengths and weaknesses in your diversity strategy You can learn how to benchmark organizational efforts against the actions other companies have taken to manage diversity identify outdated paradigms and misguided diversity management initiatives that have prevented others from capitalizing on talent embedded within the ranks and judge where past efforts have yielded success and which initiatives require a new approach Despite the importance of linking diversity to the organization s bottom line there has been no single comprehensive resource that employees could turn to for guidance until now Business leaders at every level can find best practices to achieve organizational goals in *Diversity Managers Angels of Mercy or Barbarians at the Gate* **Black Enterprise** ,2001 **The Power of Diversity** Kay Iwata,2004 **Click: Ten**

you're done you'll be slicing through red tape with the precision of a samurai sword and deflecting pointless emails faster than Neo dodging bullets in The Matrix. A word of warning: reading this book may cause uncontrollable eye-rolling, sudden outbursts of laughter, and a strong desire to karate chop your keyboard. Side effects may include increased productivity, better work-life balance, and the ability to see through corporate BS from a mile away. Ready to unleash your inner corporate ninja? Turn the page, young grasshopper. Your journey to business badassery begins now. Oh, and if your boss catches you reading this at work, just tell them it's a very serious book about synergizing paradigms and leveraging core competencies. They'll either be impressed or so confused they'll leave you alone. Win-win. Now let's begin our training. Hajime.

The Gateway to Prosperity System Matthew M. Radmanesh Ph.D., 2015-11-04. Unlike most business guides, The Gateway to Prosperity System: From Mediocrity to Power and Beyond, the new book by Dr. Matthew M. Radmanesh, has undertaken the task of breaking the code of any business using proven fundamental principles that can improve any business viability and longevity dramatically. Much like Dr. Radmanesh's Gateway to Understanding Electrons to Waves and Beyond, which sets the foundation for understanding our physical universe, The Gateway to Prosperity sets out to explore the ultimate governing principles of the entire business world with a top-down approach utilizing essential and powerful keys and principles that can unlock the vault and open many hidden doors of opportunity. This work goes beyond the traditional business concepts and explores the more broad-based principles of life and existence in conjunction with the discovered scientific and philosophical laws that lie beneath technical aspects of any business activity. Moreover, these powerful principles and laws can be used by any business entity, from Internet-based companies to school systems to small businesses to multi-billion-dollar corporations and even to state and federal governments. This book begins with the main driving force behind any business: the viewpoint who powers up the entire operation and, by conceiving the right ideas for the business, breathes life into it. Each Chapter leads the reader to the next step in the process of developing and evolving a viable and expanding business that can withstand and survive the devastating forces of any market condition. By explaining and employing sound scientific fundamentals such as the use of absolutes, the relativity of knowledge, and the use of the scientific methodology, The Gateway to Prosperity offers a revolutionary new business guide fusing business fundamentals, philosophy, and science, as well as a step-by-step approach for anyone to make it big in the business world.
