Changing the Face of Engineering John Brooks Slaughter,Yu Tao,Willie Pearson Jr.,2015-12-15 How can academic institutions corporations and policymakers foster African American participation and advancement in engineering For much of America s history African Americans were discouraged or aggressively prevented from becoming scientists and engineers Those who did enter STEM fields found that their inventions and discoveries were often neither recognized nor valued Even today particularly in the field of engineering the participation of African American men and women is shockingly low and some evidence indicates that the situation might be getting worse In *Changing the Face of Engineering* twenty four eminent scholars address the underrepresentation of African Americans in engineering from a wide variety of disciplinary and professional perspectives while proposing workable classroom solutions and public policy initiatives They combine robust statistical analyses with personal narratives of African American engineers and STEM instructors who by taking evidenced based approaches have found success in graduating African American engineers *Changing the Face of Engineering* argues that the continued underrepresentation of African Americans in engineering impairs the ability of the United States to

compete successfully in the global marketplace This volume will be of interest to STEM scholars and students as well as policymakers corporations and higher education institutions Social and Sustainable Entrepreneurship G. Thomas Lumpkin, Jerome A. Katz, 2011-07-25 Considers the issues of social and sustainable entrepreneurship This title tackles lingering definitional issues such as the distinctions between social sustainable and environmental entrepreneurship or proposes social entrepreneurship research agendas based on key research questions found in prior studies The 5 Disciplines of Inclusive Leaders Andrés T. Tapia, Alina Polonskaia, 2020-10-20 Diversity initiatives are falling short This book shows leaders how to develop the skills needed to build sustainably inclusive organizations using a tested research based model developed by the global organizational consulting firm Korn Ferry According to the journal Human Resource Management companies are spending over 8 billion a year on diversity programs Yet today the senior leadership teams at Fortune 500 companies are far from mirroring the diversity of its workforce and its customers Andr s Tapia and Alina Polonskaia senior leaders at Korn Ferry argue that to build sustainable diversity and inclusion organizations need to have inclusive leaders at all levels In this book Tapia and Polonskaia draw on Korn Ferry s massive database of 3 million leadership assessments to reveal the essential qualities of inclusive leaders They discuss the personality traits these leaders share and detail how to develop what they call the five disciplines of inclusive leadership building interpersonal trust integrating diverse perspectives optimizing talent applying an adaptive mindset and achieving transformation Tapia and Polonskaia also outline the competencies behind each discipline describe individual and organizational exemplars of inclusive leadership and show how the five disciplines enable leaders to unleash the power of all people and to build both structurally and behaviorally inclusive organizations This book will help leaders foster the skills to deal with today s complex challenges and create a more inclusive sustainable and prosperous future for all of us *Counting Black and White Beans* Anton Lewis, 2020-10-26 Across the US and the UK few senior accountants exist in proportion to their white peers This problem is overwhelmingly disregarded due to an inherent assumption of racial neutrality within the field of accountancy This book unpacks the working experience of black accountants to highlight the existence of institutionalized racism The Power of Inclusion Michael C. Hyter, Judith L. Turnock, 2009-12-31 There is an enormous amount of wasted potential within organizations today because most do not adequately tap in to the wealth of human capital available to them Most organizations believe that they are meritocracies but that is a myth that masks the real situation of unequal opportunity that exists in most firms Exclusionary tendencies are built into leadership management and human resources practices that perpetuate unequal opportunity Most companies sort and select hiring others most like themselves and focus training and development on those who are identified as high potential This book makes a business case for a new inclusive model of human resource development driven by the demands of increasingly diverse workplaces and continuing expansion of the global economy It demonstrates that people who succeed often acquire their talent because of the development attention

they have received and it shows how to create a culture of inclusion and development to unlock employee potential and productivity The authors approach developing talent in all employees and aligning human resource systems and senior leadership commitment with that goal is a response to a business challenge facing corporate North America today The patterns of exclusion and preference that limit human potential are universal this book offers management insights for any corporate audience serious about maximizing productivity in the competitive global economy Law and Economics Dana Gold,2009-05-08 Explores the relationship between law and economics principles and the promotion of social justice This title includes chapters that invoke the lens of corporate law theory or the corporate context as part of their analysis of the intersection of economics and social justice Souls of My Young Sisters Dawn Marie Daniels,Candace Sandy,2010-06-01 A Souls of My Sisters Book No woman comes into this world with all the answers but every woman can learn from her sisters In the Essence 1 national bestseller Souls of My Sisters strong successful black women shared their unforgettable personal stories of faith hope and healing Now a dynamic new group of young sisters with hopes and dreams fears and struggles just like you tells their stories of triumph over adversity for the generation coming up Being a young woman today means belonging to an ever expanding global community filled with new opportunities and complicated challenges With change comes choices and making the right ones isn't always easy The journey can seem overwhelming but you're not alone Whether you're dealing with issues of self esteem dating domestic violence cyber stalking or racial profiling within these pages a diverse gathering of women including entrepreneurs activists and entertainers have words of wisdom inspiration and practical information for you So if you're headed to college in the midst of your quarter life crisis or getting your career or family started look to your sisters and their heartwarming sometimes heartbreaking but always encouraging real life stories Souls of My Sisters let all women know it was okay to tell your story and now Souls of My Young Sisters helps young women struggling through life's challenges tell their stories and heal all of us A must read for all women Kyla Pratt Actress If you can't reach a girlfriend to pour out your heart read Souls of My Sisters Souls is just the thing when you need an extra boost Heart and Soul magazine Dawn Marie Daniels brings a spirited array of professional credentials to her role as editor of Souls of My Sisters books She was the editorial force behind a number of award winning authors and has utilized her position and power as one of the book industry's premier editors to ensure that African American projects get the attention they deserve Daniels has established a commanding presence in adult nonfiction with such books as In the Meantime and One Day My Soul Just Opened Up both New York Times bestsellers by Iyanla Vanzant She utilized her years of publishing experience to bring new talent to the surface and helped push them to the forefront of the publishing industry Daniels authors have been published by various imprints such as Prentice Hall Press Fireside Touchstone S S Aguilar Scribner Simon Schuster and Pocket Books Candace Sandy is the President of Candace Sandy Communications a multimedia cooperative targeting women For over ten years Sandy has also served as the communications director for Chairman Congressman Gregory W Meeks D NY of the Sixth

Strategies for Success among African-Americans and Afro-Caribbeans Chrystal Y. Grey, Thomas Janoski, 2017-12-18 How can African Americans and Afro Caribbeans from the former British colonies be so different in their approaches toward social mobility Chrystal Y Grey and Thomas Janoski state that this is because native blacks grow up as strangers in their own country and immigrants from the English speaking Caribbean are conversely part of the dominant group Unlike previous research that compares highly educated Afro Caribbeans to the broad range of African Americans this study holds social class constant by looking only at successful blacks in the upper middle class from both groups This book finds that African Americans pursue overachievement strategies of working much harder than others do while Afro Caribbeans follow an optimistic job strategy expecting promotions and success However African Americans are more likely to use confrontational strategies if their mobility is blocked The main cause of these differences is that Afro Caribbeans grow up in a system where they have many examples of black politicians and business leaders 35-90% of their countries are black and African Americans have fewer role models 12-14% of the United States are black Further the schooling system in Afro Caribbean countries does not label blacks as underachievers because the schools are almost entirely black A further problem that African Americans face is the resentment of a small but significant number of blacks who have little social mobility They accuse socially mobile African Americans of acting white which is a phenomenon that Afro Caribbeans almost never face and they call it an African American thing To demonstrate this difference *Strategies for Success among African Americans and Afro Caribbeans* does a historical comparative analysis of the differences between the black experience after slavery in the United States and Jamaica Trinidad and Tobago Guyana and St Kitts Nevis The authors interview fifty-seven black people and find consistent differences between the US and Caribbean black citizens Using theories of symbolic interaction and resentment this work challenges previous studies that either claim that Afro Caribbeans are more motivated than African Americans or studies that show that controlling for class each group is more or less the same **Library Journal**, 2003 Includes beginning Sept 15 1954 and on the 15th of each month Sept-May a special section School library journal ISSN 0000-0035 called Junior libraries 1954-May 1961 Also issued separately
