their PhD dissertation topic Passion, Craft, and Method in Comparative Politics Gerardo L. Munck, Richard Snyder, 2007-07-02 In the first collection of interviews with the most prominent scholars in comparative politics since World War II Gerardo L. Munck and Richard Snyder trace key developments in the field during the twentieth century. Organized around a broad set of themes: intellectual formation and training; major works and ideas; the craft and tools of research; colleagues, collaborators, and students; and the past and future of comparative politics, these in-depth interviews offer unique and candid reflections that bring the research process to life and shed light on the human dimension of scholarship. Giving voice to scholars who practice their craft in different ways yet share a passion for knowledge about global politics, *Passion, Craft, and Method in Comparative Politics* offers a wealth of insights into contemporary debates about the state of knowledge in comparative politics and the future of the field.

Charitable Writing Richard Hughes Gibson, James Edward Beitler, 2020-12-15 How might we love God and our neighbors through the task of writing? This book offers a vision for expressing one's faith through writing and for understanding writing itself as a spiritual practice that cultivates virtue. Drawing on authors and artists throughout the church's history, we learn how we might embrace writing as an act of discipleship for today.

On Close Reading John Guillory, 2025-01-08 John Guillory considers close reading within the larger history of reading and writing as cultural techniques. At a time of debate about the future of English as a discipline and the fundamental methods of literary study, few terms appear more frequently than close reading, now widely regarded as the core practice of literary study. But what exactly is close reading, and where did it come from? Here John Guillory, author of the acclaimed *Professing Criticism*, takes up two puzzles. First, why did the New Critics, who supposedly made close reading central to literary study, so seldom use the term? And second, why have scholars not been better able to define close reading? For Guillory, these puzzles are intertwined. The literary critics of the interwar period, he argues, weren't aiming to devise a method of reading at all. These critics were most urgently concerned with establishing the judgment of literature on more rigorous grounds than previously obtained in criticism. Guillory understands close reading as a technique, a particular kind of methodical procedure that can be described but not prescribed and that is transmitted largely by demonstration and imitation. Guillory's short book will be essential reading for all college teachers of literature. An annotated bibliography curated by Scott Newstok provides a guide to key documents in the history of close reading, along with valuable suggestions for further research.

Reading, Writing, and Rigor Nancy Boyles, 2018-04-12 What does rigor, a word that frequently pops up in conversations about education, really mean? More specifically, what does it mean for literacy instruction, and how does it relate to challenging standards-based assessments? In this informative and practical guide, literacy expert Nancy Boyles uses the framework from Webb's Depth of Knowledge (DOK) to answer these questions, offering experience-based advice along with specific examples of K-8 assessment items. Boyles defines rigor and shows how it relates to literacy at each DOK level and explains the kind of thinking students will be expected to demonstrate. She then tackles the essence of what teachers need to

know about how DOK and its associated rigors are measured on standards based assessments Specifically readers learn how each DOK rigor aligns with standards text complexity close reading student interaction the reading writing connection and formative assessment Teachers coaches and administrators will find clear guidance easy to implement strategies dozens of useful teaching tools and resources and encouragement to help students achieve and demonstrate true rigor in reading and writing
