Cranes At Dusk:

Cranes at Dusk Hisako Matsubara, 1985-01-01 *CRANES AT DUSK. TRANS. FROM THE GERMAN BY LEILA VENNEWITZ.* Hisako Matsubara, 1981 **A Naturalist's Guide to the Great Plains** Paul A. Johnsgard, 2018 This book documents nearly 500 US and Canadian locations where wildlife refuges nature preserves and similar properties protect natural sites that lie within the North American Great Plains from Canada's Prairie Provinces to the Texas Mexico border Information on site location size biological diversity and the presence of especially rare or interesting flora and fauna are mentioned as well as driving directions mailing addresses and phone numbers or internet addresses as available US federal sites include 11 national grasslands 13 national parks 16 national monuments and more than 70 national wildlife refuges State properties include nearly 100 state parks and wildlife management areas Also included are about 60 national and provincial parks national wildlife areas and migratory bird sanctuaries in Canada's Prairie Provinces Many public access properties owned by counties towns and private organizations are also described **Birding Nebraska's Central Platte Valley and Rainwater Basin** Paul Johnsgard, 2015-12-03 Central Nebraska's Platte River and Rainwater Basin are primary stops in the migration patterns of numerous North American waterfowl including sandhill and whooping cranes sandpipers geese ducks gulls and shorebirds of many types Upland species also abound there as well The region's most eminent ornithologist provides birding and travel information for casual tourists and hard core enthusiasts locations seasons events routes accommodations contacts etc A complete species list is also included This birders guide is as essential as your boots and binoculars **Trapping Techniques for Sandhill Crane Studies in the Platte River Valley** Robert H. Wheeler, James C. Lewis, 1972 **Half-light and Overtones** Henri Faust, 1929 *The Landscape of Home* Jeff Lee, John Calderazzo, Sue Ellen Campbell, David Waag, 2006 An anthology of some of the most evocative writing focusing on our vast natural heritage along with pieces that address pressing land issues facing the West This collection not only paints a vivid portrait of life in the Rocky Mountains it also presents some of the finest nonfiction writing to be found in America today This is a perfect selection that is bound to sink reader's roots deeper in the landscape of home **On the Wings of Cranes** Lowell M. Schake, James R. Walkinshaw, 2008 To love whooping cranes sandhill cranes and Kirtland's warblers was easy for Larry Walkinshaw Saving them from extinction engulfed his life Journey into Walkinshaw's incredible life drama to discover how his adventures led him onto the pinnacle of ornithological attainment into that world of birding he so loved and mastered Join him in the global wilderness of marshlands deserts and tundra seeking nature's truths as birds literally hatched fluttered and died in his hands *On the Wings of Cranes* reveals how cranes and Walkinshaw became synonymous Recognized as The Father of International Studies of Gruiformes he led in the salvation of endangered whooping cranes greater sandhill cranes and Kirtland's warblers At times heartbreak entered his life but his perseverance held as he took calculated risks sacrificed and struggled to save endangered birds Beneath the mask of his deliberate and reserved personality resided a uniquely

complicated genius who desired to serve both nature and humankind On the Wings of Cranes extends an invitation to respond to the powers of inspiration motivation and self discipline The theme of Walkinshaw s life is birding inspiration its message Soar with Walkinshaw from take off to landing on the wings of cranes Gatherings of Angels Kenneth P. Able,1999 The migration of birds has forever amazed and confounded onlookers How do birds find their way to their destinations How do they withstand the dangers and rigors of long distance flight The survival of migrant birds is increasingly threatened by environmental degradation and manmade hazards their protection is more critical than ever Gatherings of Angels offers first hand accounts by leading experts who convey the beauty and excitement of migration while communicating important messages about avian conservation The book features twenty four pages of stunning color photographs with additional black and white photographs throughout Two chapters of background information on migration precede chapters that focus on different species or groups of birds and the localities essential to their survival from the spring flights of songbirds across the Gulf of Mexico to the massing of sandhill cranes on the Platte River The authors discuss the timing of migrant travel the routes followed and the concentration of birds in stop over sites locations that must be preserved if they are to have secure resting spots with fresh water and ample food to fuel their journey **Progress in Sport Fishery Research** ,1970 Elmendorf Air Force Base (AFB), Alaska Military Operations Area (MOA) ,1995

Bardskull Martin Shaw,2023-02-02 Bardskull is the record of three journeys made by Martin Shaw the celebrated storyteller and interpreter of myth in the year before he turned fifty It is unlike anything he has written before This is not a book about myth or narrative rather it is a sequence of incantations a series of battles Each of the three journeys sees Shaw walk alone into a Dartmoor forest and wait What arrive are stories fragments of myth that he has carried within him for decades the deep history of Dartmoor itself the lives of distant family members Arthurian legend and tales from India Persia Lapland the Caucasus and Siberia But these stories and their tellers don t arrive as the bearers of solace or easy wisdom As with all quests Shaw is entering a domain of traps and tests Bardskull can be read as a fable as memoir as auto fiction or as an attempt to undomesticate myth It is a magnificent unclassifiable work of the imagination *Report of the Bombay Chamber of Commerce for the Year ...* ,1895 The Village Naturalist Mark M. Peyton,2017-12-14 The Village Naturalist By Mark M Peyton Mark M Peyton has always had a deep love of nature and of natural history Like many of us who grew up before the internet could fit in our pockets Peyton spent his younger days exploring the wonders that lie hidden beneath rocks and logs and in the creeks and ponds that dot the landscape He took his love of nature even further as he grew earning degrees in biology and assuming the role of the Village Naturalist among his various professional positions This collection of essays is an introduction lovingly crafted by Peyton to introduce the reader to only a small portion of the natural landscape of Nebraska You ll meet slithering snakes love sick owls pesky moles and even a few lickin toads Rather than serving as a replacement for actual interaction with the natural world Peyton s stories will inspire you to go out and explore your own

corner of the world You never know what you might find

The Fascination of Birds William Young,2014-06-18

Roadrunners are known from cartoons Ravens are known to poetry lovers Eagles are known as figures in ancient mythology and as modern national symbols Birds have fascinated people throughout history This captivating collection of 99 essays offers a well researched but easy to read look at birds as familiar as the sparrow and as seldom seen as the albatross from dancing varieties crane to sacred ones ibis to those associated with practical jokes and assassinations snipe Alphabetically arranged by type of bird the essays combine the author s extensive field experience with reflections drawn from biology ecology literature music history linguistics politics sports entertainment and other areas References range from Homer s description of a cormorant in flight to mentions of birds in Monty Python sketches from the filmmaking of Alfred Hitchcock to the music of Robyn Hitchcock No previous knowledge of birds is necessary to appreciate the book which is illustrated with classic images from John James Audubon s *The Birds of America*

Birding Colorado Hugh Kingery,2023-05-15

Birding Colorado is a guide to the best bird watching sites in Colorado from national parks and wildlife refuges to marshes mountains and canyons Organized by region each site description informs readers on habitats visiting information and birds you ll encounter What sets this book apart is the extra information on bird status and bird habitat that has made it more than a mere site guide and earned a place in the Denver Audubon s curriculum Inside You ll Find 90 site descriptions Detailed regional locator maps Birds listed by habitat Checklists of birds to see during the year including their habitat and best sites listed Color photos of likely birds for each site

Principles of Water Resources Thomas V. Cech,2018-04-03

Proper management of water resources can take many forms and requires the knowledge and expertise to work at the intersection of mathematics geology biology geography meteorology political science and even psychology This book provides an essential foundation in water management and development concepts and practices dissecting complex topics into short understandable explanations that spark true interest in the field Approaching the study of water resources systematically the discussion begins with historical perspective before moving on to physical processes engineering water chemistry government regulation environmental issues global conflict and more Now in its fourth edition this text provides the most current introduction to a field that is becoming ever more critical as climate change begins to threaten water supplies around the world As geography climate population growth and technology collide effective resource management must include a comprehensive understanding of how these forces intermingle and come to life in the water so critical to us all

The Man Who Saved the Whooping Crane Kathleen Kaska,2012-09-16

Millions of people know a little bit about efforts to save the whooping crane thanks to the movie *Fly Away Home* and annual news stories about ultralight planes leading migratory flocks But few realize that in the spring of 1941 the population of these magnificent birds pure white with black wingtips standing five feet tall with a seven foot wingspan had reached an all time low of fifteen Written off as a species destined for extinction the whooping crane has made a slow but unbelievable comeback over the last seven decades This recovery would have been

impossible if not for the efforts of Robert Porter Allen an ornithologist with the National Audubon Society whose courageous eight year crusade to find the only remaining whooping crane nesting site in North America garnered nationwide media coverage His search and his impassioned lectures about overdevelopment habitat loss and unregulated hunting triggered a media blitz that had thousands of citizens on the lookout for the birds during their migratory trips Allen s tireless efforts changed the course of U S environmental history and helped lead to the passage of the Endangered Species Act in 1973 Though few people remember him today his life reads like an Indiana Jones story full of danger and adventure failure and success His amazing story deserves to be told **Birds of the Bible. From 'Bible animals'.** John George Wood,1887

The New York Times Book Review ,1985 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback
