**Crashing Steel** Stewart Dalton,1999-01-01 Stewart Dalton worked in the Sheffield Steel Industry from leaving school to the time of his final redundancy in the early 1990 s He brings to bear the light of experience having been in the midst of the cataclysmic changes which took place from the early 1960 s through to the time of his final separation from the industry His fascinating account reads as much like a ripping yarn as the account of the demise of a vast industry The stories of great companies and great men led and mislead over the years are revealed Government interference and the actions of money men in stripping the industry of skill and property The book closes on a positive note with the further development of special steels and the growth of the high quality cutlery industry This book is a must for anyone interested in the history of the Steel Industry and the effects on the welfare of a great city of its varying fortunes

**Mind Crash** Mike Gill,2005-03-18 Mind Crash sets out to explore the deepest recesses of the human psyche through the utilization of several quite often brutal language exploration techniques The results a seemingly random collection of metaphysical short stories cut ups koans poems and automatic writing are often as unsettling as they are darkly humorous Whilst employing these frequently painful mental gymnastic routines the author unwittingly unleashes and subsequently exorcises a number of allegorical demons Do not forget to bolt your windows whilst reading it Mind Crash originally started life as a series of sporadic newsletters available through subscription only to a selective band of cultural mischief makers dotted around the USA Europe and Japan These long since out of print works together with previously unpublished pieces have now been composed into a single volume for the very first time

same Old empires have crumbled gods have fallen silent and humanity clings to survival under the shadow of cruel beasts  
 and tyrants In a realm full of ancient terrors a lone warrior rises a fragile spark in an endless storm armed with cursed magic  
 and an unbending will Now a path of rebellion is forged through this unforgiving world With every step secrets come to light
