Crashing America:

Crashing America Adam Cole, 2003-07 Ever wish you could just go Give up everything and hit the road That s what Troy Paddock did Following in the footsteps of Jack Kerouac and Hunter S Thompson this Colorado college kid grabbed one willing best friend Vinny del Sparrow and shot off in every direction of the U S Their only purpose was to party like rock stars A desert rave New York clubs Mardi Gras in the Big Easy were all part of the duo s wild ride But such an adventure filled romp does not go without a tiny bit of misadventure and mishap Extreme weather car troubles and cash shortages make the search for the party interestingly challenging Told through Paddock s eyes the reader is let into the thoughts and insights of someone whirling through life without a single care for reality and an intense lust for excitement At points the endless partying catches up with our spontaneous hero but only briefly before he is able to wrestle away from its grasp *Crashing America* Katia Noyes, 2005 A debut novel about seeking stillness through ceaseless movement Torn between restlessness and an overwhelming longing for a sense of home Girl the 17 year old street punk narrator leaves San Francisco for the heartland in search of a place where she can breathe **America Rediscovered** Robert Garrett with Robert Watkins, 2025-09-09 America must rediscover its national heritage rooted in the Enlightenment Western Christianity and classical Greece and Rome We now live in an age when traditional values and Western civilization itself are under assault from nearly every side This book seeks to celebrate the American story so rarely taught today by highlighting how it began where we are presently and answers for the future Its message is for all people of goodwill regardless of race political party or religious persuasion It acknowledges God because that much should be self evident from American history and the founding documents By what authority did the colonists dare to challenge the King of England George III and notify him that they had seized his thirteen colonies The Declaration of Independence answers that question by appealing to the laws of nature and nature s God the Creator The authors of *America Rediscovered* believe that readers may find understanding hope and answers in the postmodern age if we seek to strengthen traditional foundations and build a more perfect union *God Bless America* Robert Hendrickson, 2013-07-01 The Queen s English has no place across the pond where a long history of defiance creativity and originality has made its way into the everyday vocabulary of Americans coast to coast *God Bless America* is an informative and entertaining guide to the meaning and history beneath our uniquely American words and phrases Robert Hendrickson makes it clear that whether you re ordering fried chicken or heading out to see a movie you are celebrating contributions to the English language made by Americans both famous and forgotten With extensive research and a passion for language Hendrickson furthers our understanding of the familiar and introduces us to the more obscure artifacts of American speech *God Bless America* provides the definitions and background for many uniquely American phrases and terms such as Bald eagle Boston baked beans Five and ten Give em hell Lazy Susan Sho nuff Yankee Doodle And more A dictionary packed full of historical accounts etymological peculiarities and imaginative spirit *God Bless America* represents not only the

American language but also the American people This book provides an undeniable resource for travelers patriots and Anglophiles from all walks of life [Smithsonian America](#) David M. Cutler, 2014-10-29 At Batchelor Field near Darwin an American Flying Fortress lies broken with over 1 100 shrapnel and bullet holes in her skin This war torn B 17C bomber has already performed sterling service in the air battle over the Philippines Stripped of her heavy armament she is made ready for transport duty to the beleaguered Aussie Diggers along the northern coast of New Guinea In March 1943 she begins daily transport service ferrying American GIs from the jungle battlefields of New Guinea to the US Army Rest Area in Mackay Qld for R R leave On June 14 1943 she takes off from Mackay Airport on her final tragic flight Revised edition published as Australia s Worst Aviation Disaster in 2014 Australia and America s Worst Aviation Disaster in Australia in the United States of America [American Apocalypse](#) Rena Steinzor, 2024-07-09 A thorough analysis of the right wing interests contributing to the downfall of American democracy The war on American democracy is at a fever pitch Such a corrosive state of affairs did not arise spontaneously up from the people but instead was pushed top down by six private sector special interest groups big business the House Freedom Caucus the Federalist Society Fox News white evangelicals and armed militias In American Apocalypse Rena Steinzor argues that these groups are nothing more than well financed armies fighting a battle of attrition against the national government with power money and fame as their central motivations The book begins at the end of Lyndon Johnson s presidency when the modern regulatory state was born Agencies like the Environmental Protection Agency and the Food and Drug Administration ensured that everything from our air to our medicine was safe But efforts to thwart this big government agenda began swiftly albeit in the shadows Business leaders built a multi billion dollar presence in the Capitol and the rest of the six interest groups soon followed While the groups do not coordinate their attacks and sometimes their short term goals even conflict their priorities fall within a surprisingly tight bullseye the size and power of the administrative state In the near term their campaigns will bring the crucial functions of government to a halt which will lead to immediate suffering by the working classes and a rapid deterioration of race relations Over the long term as the prevalence of global pandemics and climate crises increase an incapacitated national government will usher in unimaginable harm This book is the first to conceptualize these groups together as one deconstructive and awe inspiring force Steinzor delves into each of their histories mapping the strategies tactics and characteristics that make them so powerful She offers the most comprehensive story available about the downfall of American democracy reminding us that only by recognizing what we are up against can we
