Creating The New Woman

**Susan Hodge Armitage, Patricia
Hart, Karen Weathermon**

Creating The New Woman:

Women and Buddhist Philosophy Jin Y. Park, 2017-02-28 Why and how do women engage with Buddhism and philosophy The present volume aims to answer these questions by examining the life and philosophy of a Korean Zen Buddhist nun Kim Iry p 1896 1971 The daughter of a pastor Iry p began questioning Christian doctrine as a teenager In a few years she became increasingly involved in women s movements in Korea speaking against society s control of female sexuality and demanding sexual freedom and free divorce for women While in her late twenties an existential turn in her thinking led Iry p to Buddhism she eventually joined a monastery and went on to become a leading figure in the female monastic community until her death After taking the tonsure Iry p followed the advice of her teacher and stopped publishing for more than two decades She returned to the world of letters in her sixties using her strong distinctive voice to address fundamental questions on the scope of identity the meaning of being human and the value of existence In her writing she frequently adopted an autobiographical style that combined her experiences with Buddhist teachings Through a close analysis of Iry p s story Buddhist philosophy and practice in connection with East Asian new women s movements and continental philosophy this volume offers a creative interpretation of Buddhism as both a philosophy and a religion actively engaged with lives as they are lived It presents a fascinating narrative on how women connect with the world whether through social issues such as gender inequality a Buddhist worldview or existential debates on human existence and provides readers with a new way of philosophizing that is transformative and deeply connected with everyday life *Women and Buddhist Philosophy Engaging Zen Master Kim Iry p* will be of primary interest to scholars and students of Buddhism Buddhist and comparative philosophy and gender and Korean studies

The Making of a Victorian Woman Pasquale De Marco, 2025-08-10 The Victorian era was a time of great change and upheaval for women The Industrial Revolution had brought about new opportunities for work and education but it also led to new challenges and dangers The Victorian Woman examines the lives of women during this period exploring the roles they played in society the challenges they faced and the ways in which they shaped the world around them The book is divided into ten chapters each of which focuses on a different aspect of Victorian women s lives The first chapter The Victorian Woman s Role examines the expectations and ideals that society placed on women The second chapter The Victorian Woman s Sphere explores the different spheres of life in which women were expected to operate The third chapter The Victorian Woman s Education looks at the types of education that were available to women and the ways in which education shaped their lives The fourth chapter The Victorian Woman s Work examines the different types of work that women did the conditions under which they worked and the wages they earned The fifth chapter The Victorian Woman s Health explores the health challenges that women faced and the ways in which they were treated The sixth chapter The Victorian Woman s Fashion looks at the different types of fashion that were popular during the Victorian era and the ways in which fashion reflected the changing roles of women The seventh chapter The Victorian Woman s Religion examines the role

of religion in the lives of Victorian women The eighth chapter The Victorian Woman s Politics explores the ways in which women participated in politics and the impact that they had on the political landscape The ninth chapter The Victorian Woman s Social Life looks at the different types of social activities that women participated in and the ways in which these activities shaped their lives The tenth and final chapter The Victorian Woman s Legacy examines the impact that Victorian women had on society and the ways in which their legacy continues to shape the world today The Victorian Woman is a comprehensive and insightful look at the lives of women during one of the most transformative periods in history The book draws on a wide range of sources including diaries letters newspapers and government reports to paint a vivid picture of the challenges and opportunities that women faced during the Victorian era The Victorian Woman is an essential reading for anyone interested in women s history Victorian history or the history of gender roles If you like this book write a review

Dissident Women Shannon Speed,R. Aída Hernández Castillo,Lynn M. Stephen,2006-12-01 Yielding pivotal new perspectives on the indigenous women of Mexico this book presents a diverse collection of voices exploring the human rights and gender issues that gained international attention after the first public appearance of the Zapatista National Liberation Army in 1994

Stabilizing and Empowering Women in Higher Education: Realigning, Recentering, and Rebuilding Schnackenberg, Heidi L.,Simard, Denise A.,2023-09-29 Stabilizing and Empowering Women in Higher Education Realigning Recentering and Rebuilding is a book that addresses the challenges faced by women leaders in higher education during the current pandemic The book is written by experts in the field and draws on emerging evidence based practices and personal narratives to provide insights into strategies for emotional balance self care and wellbeing for women leaders It explores the challenges faced by women leaders in higher education and offers solutions for their wellbeing including reframing and reinventing oneself during the pandemic This volume is an essential read for women in leadership faculty administrators professional staff graduate students and researchers It provides valuable information and perspectives on creating access for marginalized groups using roles as women leaders to create change and nurturing and empowering women in leadership Overall it is a persuasive and powerful book that will help readers to realign recenter and rebuild in their personal and professional lives

Women's Oral History Susan Hodge Armitage,Patricia Hart,Karen Weathermon,2002-01-01 Women s Oral History The Frontiers Reader is an essential guide to the practice of gathering and interpreting women s oral accounts of their lives During the 1970s when women s history was just developing the lack of historical information about women s lives was glaring Oral history quickly emerged as a vital and necessary tool for documenting the lives and experiences of women who rarely recorded it for themselves much less for posterity Standard models of practicing oral history however were inadequate to the job of organizing and interpreting women s lives and new models that addressed the distinctiveness of the lives of women in all of their diversity were needed As one of the earliest journals devoted to feminist scholarship in the United States Frontiers A Journal of Women Studies was in the vanguard of

the emerging field of women's oral history when it published its first landmark issue on the subject in 1977. Three subsequent issues exploring the evolving field have secured *Frontiers* reputation at the forefront of women's oral history. *Women's Oral History* includes nineteen essays each addressing the particularity of women's lives and experience. The collection provides both how-to interview guides and examples of current research in sections covering basic methodology and rationale, the myriad uses of women's oral history, and discoveries and insights gained from oral history applications. The essays raise thought-provoking questions, glean original insights about the lives of women, and the practice of history, and call for women to write and record their own histories.

Women Writers and the Occult in Literature and Culture Miriam

Wallraven, 2015-06-05 This book visits the occult in literature from the 1880s to the 20th century, analyzing work by women occultists such as Alice Bailey, Dion Fortune, and Starhawk, and revisiting texts with occult motifs by canonical authors. It covers movements such as Theosophy, Spiritualism, Golden Dawn, Wicca, and Goddess spirituality, engaging with how literature creates occult worlds and identities, namely the female Lucifer, witch, priestess, and Goddess. The occult in literature incorporates topical discourses including psychoanalysis, feminism, pacifism, and ecology; hence, this book will be of interest to scholars of literary and cultural studies, religious studies, sociology, and gender studies.

Build It Now Michael A.

Lebowitz, 2006-08 *Build It Now* provides a compelling set of arguments for socialism, showing both the new catastrophes being prepared by capitalism and the concrete steps being taken to initiate a transition from capitalism to a form of socialism fitted for the 21st century.

Women, Gender, Remittances and Development in the Global South Ton van

Naerssen, Lothar Smith, Marianne H. Marchand, 2016-03-09 This book endeavours to take the conceptualisation of the relationship between transnational remittance exchanges and gender to a new level. Thus, inevitably, it provides a number of case studies of relationships between gender and remittances from around the world, highlighting different processes and practises. Thereby, the authors seek to understand the impact of remittances on gender and gender relations, both at the sending as well as at the receiving end. For each case study, authors ask how remittances affect gender identities and relationships, but also vice versa. By itself, this already adds a wealth of insights to a field that is remarkably understudied, despite a volume of studies on gender and the feminization of migration in developing contexts. Chapters take an open explorative approach to the relationship between gender and remittance behaviour, with the aid of case studies focusing on transnational flows between migrants and countries of origin. With the wide variety of cases, this book is able to provide conceptual insights to better understand how remittances affect gender identity roles and relations at both the receiving and sending end, and give specific attention to the roles of various actors directly and indirectly involved in remittance sending in current collectively organized remittance schemes from around the world.

The Women's Educational Equity Act

United States. Congress. House. Committee on Education and Labor. Subcommittee on Equal Opportunities, 1973

Encyclopedia of Women in Today's World Mary Zeiss Stange, Carol K. Oyster, Jane E. Sloan, 2011-02-23 This work includes

1000 entries covering the spectrum of defining women in the contemporary world **Continuing Saga of Marginalisation: A Dossier on Women and Tourism , Building Bridges for Equity: Empowering Women in Global Industries** Pasquale De Marco,2025-03-17 In a globalized world where trade and investment transcend borders the impact of globalization on gender equality is a pressing issue that demands attention Building Bridges for Equity Empowering Women in Global Industries delves into the gendered dimensions of globalization shedding light on the experiences of women workers in global supply chains This comprehensive book draws on case studies from around the world to unravel the challenges that women face in these industries ranging from discrimination and harassment to limited opportunities for advancement It also explores the strategies that can be employed to promote gender equality empowering women to fully participate in the economy and contribute to economic growth Divided into ten thought provoking chapters the book begins by providing an overview of the gendered landscape of global industries It then delves into specific issues such as women s work women s leadership and the role of education and training in promoting gender equality The book also emphasizes the importance of advocacy and activism for gender equality recognizing the crucial role that civil society organizations play in driving change Furthermore the book explores the intersection between gender equality and sustainable development highlighting the need for a gender responsive approach to achieving the Sustainable Development Goals It argues that empowering women is not only a moral imperative but also a strategic investment in building a more just and prosperous world Building Bridges for Equity concludes with a compelling call to action urging governments businesses and civil society to collaborate and take decisive steps towards achieving gender equality It emphasizes that gender equality is not just a women s issue it is a global issue that requires the involvement of all stakeholders This book serves as a valuable resource for policymakers business leaders activists and anyone committed to creating a more equitable and inclusive world If you like this book write a review *George Gissing and the Woman Question* Christine Huguet,2016-04-22 Approaching its subject both contextually and comparatively *George Gissing and the Woman Question* reads Gissing s novels short stories and personal writings as a crux in European fiction s formulations of gender and sexuality The collection places Gissing alongside nineteenth and twentieth century authors as diverse as Paul Bourget Ella Hepworth Dixon May Sinclair and Theodore Dreiser theorizing the ways in which late Victorian sexual difference is challenged explored and performed in Gissing s work In addition to analyzing the major novels essays make a case for Gissing as a significant short story writer and address Gissing s own life and afterlife in ways that avoid biographical mimetics The contributors also place Gissing s work in relation to discourses of subjectivity and intersubjectivity identity public space class and labour especially literary production Increasingly viewed as a key chronicler of the late Victorian period s various redefinitions of sexual difference Gissing is here recognized as a sincere uncompromising chronicler of social change *Women, Work, and Globalization* Bahira Sherif Trask,2013-10-30 Women increasingly make up a significant percentage of the labor force throughout the world This

transformation is impacting everyone's lives. This book examines the resulting gender role work and family issues from a comparative worldwide perspective. Working allows women to earn an income, acquire new skills, and forge social connections. It also brings challenges such as simultaneously managing domestic responsibilities and family relationships. The social, political, and economic implications of this global transformation are explored from an interdisciplinary perspective in this book. The commonalities and the differences of women's experiences depending on their social class, education, and location in industrialized and developing countries are highlighted throughout. Practical implications are examined, including the consequences of these changes for men. Engaging vignettes and case studies from around the world bring the topics to life. The book argues that despite policy reforms and a rhetoric of equality, women still have unique experiences from men both at work and at home.

Women Work and Globalization explores key issues surrounding work and families from a global, cross-cultural perspective. The positive and negative experiences of more women in the global workforce, the spread of women's empowerment, changes in ideologies and behaviors throughout the world, key literature from family studies, IO, sociology, anthropology, and economics, the changing role of men in the global work-family arena, the impact of sexual trafficking and exploitation, care labor, and transnational migration on women, best practices and policies that have benefited women, men, and their families.

Part 1 reviews the research on gender in the industrialized and developing world, global changes that pertain to women's gender roles, women's labor market participation, globalization, and the spread of the women's movement. Issues that pertain to women in a globalized world, including gender socialization, sexual trafficking and exploitation, labor migration, and transnational motherhood and the complexities entailed in care labor, are explored in Part 2. Programs and policies that have effectively assisted women are explored in Part 3, including initiatives instituted by NGOs and governments in developing countries and programs/policies that help women balance work and family in industrialized countries. The book concludes with suggestions for global initiatives that assist women in balancing work and family responsibilities while decreasing their vulnerabilities.

Intended as a supplemental text for advanced undergraduate and/or graduate courses in Women, Gender Issues, Work and Family, Gender and Families, Global, International, Families, Family Diversity, Multicultural Families, and Urban Sociology, taught in psychology, human development, and family studies, gender and/or women's studies, business sociology, social work, political science, and anthropology, researchers, policy makers, and practitioners in these fields will also appreciate this thought-provoking book.

[A Woman's Right to Choose](#) Pasquale De Marco, 2025-08-12

A Woman's Right to Choose is the definitive history of feminism in the United States. Drawing on a wealth of primary and secondary sources, Pasquale De Marco traces the movement's origins in the early 19th century to its present-day manifestations. *A Woman's Right to Choose* is a comprehensive and engaging account of the feminist movement. It covers a wide range of topics, including the Seneca Falls Convention, the abolitionist movement, the suffrage movement, the Progressive Era, the New Woman, the Great Depression, and World War II, the second wave of feminism, and contemporary feminism. Pasquale De Marco

argues that feminism is a complex and multifaceted movement that has been shaped by a variety of factors including social economic and political changes She also emphasizes the importance of intersectionality arguing that feminism cannot be fully understood without taking into account the experiences of women of color LGBTQ women and women with disabilities A Woman s Right to Choose is a valuable resource for anyone who wants to learn more about the history of feminism It is well researched and clearly written and it provides a comprehensive overview of the movement The book is also engaging and thought provoking and it is sure to spark discussion and debate Whether you are a student a scholar or simply someone who is interested in the history of feminism A Woman s Right to Choose is the perfect book for you It is a comprehensive engaging and thought provoking account of one of the most important social movements in American history A Woman s Right to Choose is available now from all major booksellers If you like this book write a review
