Mathur, Alfred Kenyon, 1998 Winner of Management Consultancies Association MCA best management book of the year 1997 Creating Value sees business strategy as deciding what to sell so as to achieve financial success This controversial book gives a complete account of how to make the whole company succeed in its corporate strategy as well as in each competitive strategy Creating Value challenges the stakeholder view it stresses financial success which it rigorously insists comes from strategies targeting profitable customers Innovative customer led view of strategy Integrates corporate and competitive strategy Develops and integrates the resource based view Corporate planners and senior managers will find this innovative book essential reading It is also of particular interest to lecturers and post graduate MBA students Those involved in marketing will also find this a rewarding read MCA Prizewinner presents a new approach to strategy making which puts markets at the forefront of the competitive arena not industry sectors The Economist: Business Strategy 3rd edition

Jeremy Kourdi, 2015-03-26 The effectiveness of a good strategy well implemented determines a business future success or failure Yet history is full of strategic decisions big and small that were ill conceived poorly organised and consequently disastrous This updated guide looks at the whole process of strategic decision making from vision forecasting and resource allocation through to implementation and innovation Strategy is about understanding where you are now where you are heading and how you will get there There is no room for timidity or confusion Although the CEO and the board decide a company's overall direction it is the managers at all levels of the organisation that will determine how the vision can be transformed into action In short everyone is involved in strategy But getting it right involves difficult choices which customers to target what products to offer and the best way to keep costs low and service high And constantly changing business conditions inevitably bring risks Even after business strategy has been developed a company must remain nimble

and alert to change and view strategy as an ongoing and evolving process The message of this guide is simple strategy matters and getting it right is fundamental to business success this book will show you how

Creating Value for Leaders Gautam Mahajan, 2023-06-08 Creating value is the foundation of all business It's what sets you apart from your competition secures long term customers and brings distinct meaning to your brand and your stakeholders Without creating value for your business your unique offering will be seen as just another commodity in the eyes of your target market Creating value is in every business leader's vocabulary and uppermost in their overall strategy In fact creating value is the purpose of a company according to the Business Roundtable and the World Economic Forum That is another key reason why more people want to understand and utilise value creation for their benefit and the good of their stakeholders Many companies and leaders seek to create value but do not know how to As a result they create and destroy value unconsciously This book shows you how to create value consciously To create long term value organizations need to put in place the mindset capabilities and relationships that enable them to meet the needs of their customers and stakeholders This book makes value creation understood and used by executives and leaders more effectively The book describes value creation in its various nuances how it arises how it is used and the width and scope of value creation from how it impacts a company and how that company can become more successful by creating value for customers and other stakeholders The author also provides tips for CEOs managers HR and other professionals on how to succeed in value creation as a long term strategy and in day to day work Numerous examples and case studies illustrate the points being

made by the author **Discount Business Strategy** Michael Moesgaard Andersen, Flemming Poulfelt, 2009-08-28 What people are saying about Discount Business Strategy Michael Andersen and Flemming Poulfelt provide a provocative discussion of the rapidly growing role of discounters across numerous industries how they operate how they create uniqueness and how they can destroy value for incumbents Understanding the specific moves and tools that the authors analyze will be valuable for attackers and incumbents alike Adrian J Slywotzky Director Mercer Management Consulting USA This book is very timely dealing with today's most critical strategic issue how to provide more value to the consumer through aggressive discounting Those players in manufacturing and distribution who master this will be the winners many established firms will fall by the wayside A similar set of issues are facing many nations today Europe vs Asia Peter Lorange President IMD Switzerland Andersen and Poulfelt have researched one of the most important themes in today's business world how fundamentally new business models have wiped out establishments not with new products or technologies but by creating new rules for conventional industries Read this book and learn how to recognize the disruption of your industry before it is too late Sigurd Liljenfeldt Senior Partner Monitor Group France This book asks if a firm can have its cake and eat it too that is maintain high quality at low prices My favourite example and shopping place is big box Costco Ikea is another A must read for a broad audience concerned about corporate survival Professor Larry E Greiner Marshall School of Business University of Southern California USA The aspiration to adopt the right strategy still prevails over the business world But is there a single best strategy for a company Can an organization create sustainable competitive advantage from an off the peg strategy And are most companies likely to craft a strategy that genuinely creates uncontested market space and makes the competition irrelevant The answer to all these questions is probably No And the rising tide of companies like Dell CostCo Skype and Linux means that asking them at all may soon be futile While strategists have foundered in old paradigms a new breed of competitors has emerged Value destroyers Old style thinking understood value destruction when it was confined to an industry and driven by a new product or technology But what are the implications when the destruction stems from a new way of thinking from a strategy that simultaneously creates value The implications are enormous Every company in every industry is potentially at risk This risk or opportunity is precisely the reason for this book and its focus on exploring why and how some companies have bridged the gap between differentiator and cost leader strategies to emerge as winners in hypercompetitive markets and what this entails in terms of value destruction and creation Discounting organizations are here to stay are you **Business Strategy** Constantine Vagias, 2024-06-01 This book is a comprehensive guide to business strategies that can help grow your business Each area of each business strategy is analyzed step by step in which area we can use each strategy as well as the advantages and disadvantages In the dynamic and ever evolving world of business the quest for sustained competitive advantage has never been more critical The landscape is continually reshaped by technological advancements shifting consumer preferences regulatory changes and global economic fluctuations Amid this

complexity the importance of well crafted business strategies cannot be overstated Strategies are the bedrock upon which successful enterprises are built guiding them through challenges and steering them toward opportunities This book Business Strategies Benefits and Methods for Each Area is a comprehensive exploration of the multifaceted nature of business strategy It delves into the fundamental principles and advanced techniques that can be applied across various strategic domains within an organization By systematically analyzing each area this book aims to provide a robust framework that leaders managers and entrepreneurs can utilize to drive their organizations forward Aims to equip readers with the knowledge and tools needed to navigate the complexities of strategic management Whether you are a seasoned executive a manager or an aspiring entrepreneur this book provides a comprehensive guide to developing and implementing effective business strategies that drive success in today's competitive landscape

Understanding Business Strategy Lourdesamy Iruthayasamy, 2021-03-06 This book cuts through the strategy verbiage to get to the fundamentals of business strategy its meaning formulation and implementation Challenges to understanding strategy are examined including institutions and national culture Strategy theories are not just explained but assessed in terms of their validity limitations and applicability across countries cultures and organisations The thinking and works of major strategists like Ohmae Mintzberg Porter Rumelt Barney Prahalad Hamel Peng Kim and Mauborgne are reviewed in the context of strategic thinking strategy formulation and strategy implementation The confusion and consensus in strategy are highlighted While not prescriptive in terms of telling the corporate leader how to formulate strategy for there is no one best strategy or one best way to formulate strategy the book does identify broad approaches to corporate strategy formulation and implementation and the underlying principles To this extent corporate leaders and students and instructors of business and management will find the book informative and instructive
