Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often neglected areas, and introducing over fifty previously undiscovered artists. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history. Key Features: Over 200 high-quality headshots and film stills to add visual reference to your research. Detailed information on hundreds of never-before-researched animators and films.
