Bonanza Inn Oscar Lewis, Carroll Douglas Hall, 1971      **Bonanza Inn. America's First Luxury Hotel. (Fourth Printing.) [A History of the Palace Hotel, San Francisco. With Plates.]**. Oscar Lewis, 1940      *The Great Earthquake and Firestorms of 1906* Philip L. Fradkin, 2005 In this well researched book Fradkin contends that it was the people of San Francisco not the forces of nature who were responsible for the extent of the destruction and death Booklist      **Bonanza Inn America's First Luxury Hotel, by ... [and] Carroll D. Hall** Oscar Lewis, Carroll Douglas Hall, 1945      *Making San Francisco American* Barbara Berglund, 2007 Focuses on the 19th century transformation in San Francisco from Gold Rush to earthquake to show how the city's diverse residents created a modern American city through everyday cultural frontiers such as restaurants hotels and annual fairs and expositions among others      The Infamous King Of The Comstock Michael J. Makley, 2006-01-09 William Sharon was one of the most colorful scoundrels in the nineteenth century mining West He epitomized the robber barons of the nation's Gilded Age and the political corruption and moral decay for which that period remains notorious yet he was also a visionary capitalist who controlled more than a dozen of the greatest mines on Nevada's mighty Comstock Lode built the Virginia the machinations of rampant Gilded Age capitalism and the sophisticated financial and technological infrastructure that supported Virginia City's boomtown economy The Infamous King of the Comstock offers a significant fresh perspective on Nevada and the mining West      **The Making of "Mammy Pleasant"** Lynn Maria Hudson, 2003 Pleasant's legacy is steeped in scandal and lore Was she a voodoo queen who traded in sexual secrets A madam A murderer In The Making of Mammy Pleasant Lynn M Hudson examines the folklore of this remarkable woman's real and imagined powers      **Living Downtown** Paul Groth, 2023-11-15 From the palace hotels of the elite to cheap lodging houses residential hotels have been an element of American urban life for nearly two hundred years Since 1870 however they have been the target of an official war led by people whose concept of home does not include the hotel Do these residences constitute an essential housing resource or are they as charged a public nuisance Living Downtown the first comprehensive social and cultural history of life in American residential hotels adds a much needed historical perspective to this ongoing debate Creatively combining evidence from biographies buildings and urban neighborhoods workplace records and housing policies Paul Groth provides a definitive analysis of life in four price differentiated types of downtown residence He demonstrates that these hotels have played a valuable socioeconomic role as home to both long term residents and temporary laborers Also the convenience of hotels has made them the residence of choice for a surprising number of Americans from hobo author Boxcar Bertha to Calvin Coolidge Groth examines the social and cultural objections to hotel households and the increasing efforts to eliminate them which have led to the seemingly irrational destruction of millions of such housing units since 1960 He argues convincingly that these efforts have been a leading contributor to urban homelessness This highly original and timely work aims to expand the concept of the American home and to recast accepted

notions about the relationships among urban life architecture and the public management of residential environments From the palace hotels of the elite to cheap lodging houses residential hotels have been an element of American urban life for nearly two hundred years Since 1870 however they have been the target of an official war led by people whose concept of home

**Reclaiming San Francisco** James Brook,Chris Carlsson,Nancy J. Peters,City Lights Books,1998 Reclaiming San Francisco is an anthology of fresh appraisals of the contrarian spirit of the city a spirit resistant to authority or control The official story of San Francisco is one of progress development and growth But there are other unofficial San Francisco stories often shrouded in myth and in danger of being forgotten and they are told here stories of immigrants and minorities sailors and waterfront workers and poets artists and neighborhood activists along with the stories of speculators land grabbers and the land itself that need to be told differently Contributors include historians geographers poets novelists artists art historians photographers journalists citizen activists an architect and an anthropologist Passionate about the city they want San Francisco to be more itself and less like the city of office towers chain stores theme parks and privatized public services and property that appears to be its immediate fate San Francisco is not alone in being transformed according to the dictates of the global economy But San Franciscans are unusual in their readiness to confront the corporate agenda for their city
