Bonds Of Interest Los Intereses Creados:

The Bonds of Interest Jacinto Benavente, 1967 Leandro and Crispín arrive to a prosperous small city seeking a stroke of good luck to improve their lives. Given that Leandro is the youngest and more handsome of them, they decide that he will play the role of a young and attractive lord travelling with his assistant played by Crispín. With this fake identity, Leandro wants to seduce the daughter of the richest and most powerful man in town, Polichinela. Thus, the difficult path of making their way into a closed society begins so he can gain the recognition someone of his prestige should have. To do so, they establish relations with people who put them in position. As they do not have a single cent, not even to dress, they create a string of debts after asking for loans from the local shops. The debts grow but no one suspects. After some time and having consolidated Leandro's social image, he starts to attend the parties organized by the jet set. In one of the parties at Polichinela's house, he presents his daughter, Silvia, to Leandro as he considers the young man as a good catch. Even though the relationship between Leandro and Silvia began for economical reasons, their love begins to turn real right before the truth is about to come to light to complicate their romance and the lives of several characters. *A Guide to Spanish Literature in Translation* Lawrence J. Olszewski, 2025-07-16 There's more to Spanish literature than Don Quixote. In addition to Miguel de Cervantes, Saavedra's immortal classic, Spain produced the earliest evidence of works in a Romance dialect, debuted the picaresque genre, and introduced the Don Juan figure to the world. This guide analyzes the merits and shortcomings of nearly 300 English translations of 100 major works of Spanish literature in poetry, prose, and theater. Each entry summarizes the importance of the author and the work, discusses elements of the translations such as the source text, formats, supplementary material, and translators' methodology, and provides commentary that evaluates the fidelity and readability of the translations and the utility of the supplementary material. **The Bonds of Interest** Jacinto Benavente, 1929 Great Spanish Plays in English Translation Angel Flores, 1991-01-01 Richly varied collection of 10 plays from 16th through 20th centuries: *The Vigilant Sentinel* by Miguel de Cervantes, *Fuente Ovejuna* by Lope de Vega, *Life Is a Dream* by Pedro Calderón de la Barca, *Blood Wedding* by Federico García Lorca. 6 more.
