

may be a wordless and incomprehensible cry of the heart. It matters not, for God reads the intention of the soul even before it is articulated. He reaches out to answer our need in tender yearning and, if we are open to it, we may fall into His rapture, which is beyond all words, and even beyond all thought.

I plunge into
 Your rapture,
 a falling star
 dying even as I
 blaze into Your glory.
 Beauty captures me in a
 net of furious light
 and I am weightless
 in arms too big for me,
 yet just the right size to bear
 me to Your heart.
 The dying was but a trick;
 You never let me fall
 at all . . .

Prayer, simply put, is talking to the Deity. It is a conversation with the God in which we speak and, more importantly, keep silent. In *Book of Hours: Prayers to the Goddess* I shared four forms of prayer in which we may engage our Lover. They are the Prayer of Expectation, the Prayer of Thanksgiving, the Prayer of Celebration, and the Prayer of Contemplation.

Catholic hours, or, The family prayer-book Catholic hours,1868 **Hans Urs von Balthasar and the Critical**

Appropriation of Russian Religious Thought Jennifer Newsome Martin,2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and

evaluation of the Swiss Catholic theologian's complex relation to modern speculative Russian religious philosophy. Her constructive analysis proceeds through Balthasar's critical reception of Vladimir Soloviev, Nikolai Berdyaev and Sergei Bulgakov with respect to theological aesthetics, myth, eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism. Martin argues that Balthasar's creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention. In this respect, Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker. In her discussion of the relation between tradition and theological speculation, Martin also draws upon the understudied relation between Balthasar and F. W. J. Schelling especially as Schelling's form of Idealism was passed down through the Russian thinkers. In doing so, she persuasively recasts Balthasar as an ecumenical, creatively anti-nostalgic theologian hospitable to the richness of contributions from extra-magisterial and non-Catholic sources.

Explores Natalie Zemon Davis's concept of history as a dialogue not only with the past but with other historians The Liturgy of the Medieval Church Thomas Heffernan, E. Ann Matter, 2005-04-01

This volume seeks to address the needs of teachers and advanced students who are preparing classes on the Middle Ages or who find themselves confounded in their studies by reference to the various liturgies that were fundamental to the lives of medieval peoples. In a series of essays, scholars of the liturgy examine The Shape of the Liturgical Year, Particular Liturgies, The Physical Setting of the Liturgy, The Liturgy and Books, and Liturgy and the Arts. A concluding essay, which originated in notes left behind by the late C. Clifford Flanigan, seeks to open the field to examine liturgy within the larger and more inclusive category of ritual. The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study. They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se.

Worship and the Parish Church in Early Modern Britain Alec Ryrie, 2016-02-11 The Parish Church was the primary site of religious practice throughout the early modern period This was particularly so for the silent majority of the English population who conformed outwardly to the successive religious upheavals of the sixteenth and seventeenth centuries What such public conformity might have meant has attracted less attention and ironically is sometimes less well documented than the non conformity or semi conformity of recusants church papists Puritan conventiclers or separatists In this volume ten leading scholars of early modern religion explore the experience of parish worship in England during the Reformation and the century that followed it As the contributors argue parish worship in this period was of critical theological cultural and even political importance The volume s key themes are the interlocking importance of liturgy music the sermon and the parishioners own bodies the ways in which religious change was received initiated negotiated embraced or subverted in local contexts and the dialectic between practice and belief which helped to make both so contentious The contributors historians historical theologians and literary scholars through their commitment to an interdisciplinary approach to the subject provide fruitful and revealing insights into this intersection of private and public worship This collection is a sister volume to Martin and Ryrie eds *Private and Domestic Devotion in Early Modern Britain* Together these two volumes focus and drive forward scholarship on the lived experience of early modern religion as it was practised in the sixteenth and seventeenth centuries
