really all about When planning a holiday most people take care of all the details in advance booking flights arranging transport hotel accommodation tour guides et cetera Yet in life the greatest journey that everyone will ever make most people don't prepare or plan their life course as well as they should they don't work to create a life of joy peace health and wealth Develop the seeds for thought that will be the basis to create a new and richer life for yourself Richness is not financial but rather a life of bliss something money can't buy Take care of every detail of your life leaving no stone unturned never just scratch the surface of anything you undertake do it fully until it is entirely completed this is the only way to avoid regrets Life was never meant to be difficult it was meant to be a wondrous adventure that ideal is traded for whatever exists because of complacency when whatever occurs is accepted uncompromisingly For many the status quo is far more acceptable than taking the supposed risks of change You can't change anything that has gone by but living life to its full extent and purposes is truly a joy to carry with you forever The things that really matter must be clearly identified you do the have an influence upon determining them Each of us are creators with the potential to achieve even the wildest dreams if the necessary effort is simply put into achieving or obtaining the things desired Consider the directions to take to begin the journey back to your true life path The purpose and meaning of your life are to give purpose and meaning to life to find out not only who you are but also who you have the potential to be then pursue that goal Open your mind to the infinite possibilities that do exist for you Born through your dreams then crystallized into form by your desires given impetus by your expectations then made real through your beliefs Life is made up of chances to make choices decisions what you wish to do the accumulated result of those choices is what is called your life The purpose and meaning of your life is to give purpose and meaning to life to find out not only who you are but also who you have potential to be then pursue that goal Open your mind to the infinite possibilities that do exist for you Born through your dreams then crystallised into form by your desires given impetus by your expectations then made real though your beliefs Life is made up of chances to make choices decisions what we wish to do the accumulated result of those choices is what we call our life Forthcoming Books Rose Arny,2002-02
