The Book Of The Sacred Magic Of Abramelin The Mage, 2025-05-15 The Book of Abramelin tells the story of an Egyptian mage named Abraham or Abra Melin who taught a system of magic to Abraham of Worms a Jew from Worms Germany presumed to have lived from c 1362 to c 1458 The system of magic from this book regained popularity in the 19th and 20th centuries partly due to Samuel Liddell MacGregor Mathers translation The Book of the Sacred Magic of Abramelin the Mage The story involves Abraham of Worms passing his magical and Kabbalistic secrets on to his son and tells how he acquired his knowledge Abraham recounts how he found Abramelin the Mage living in the desert outside an Egyptian town Arachi or Araki which borders the Nile Abramelin s home sat atop a small hill surrounded by trees He was an Egyptian mage and taught a powerful

form of Kabbalistic magic to Abraham The book presents an autobiography written in the form of an epistolary novel The character of Abraham of Worms narrates his travel to the Egyptian desert and to a town bordering the Nile An elderly Egyptian mage offers him two manuscripts containing knowledge of Kabbalistic magic but extracts an oath that bounds Abraham in the service of God and the divine law The practical magic of Abramelin found in both Book III of the French text and Book IV of the German original centres around a set of talismans composed of magic word squares These are similar to traditional magic squares though the latter are usually composed of numbers while Abramelin's squares contain letters Commonly word squares are used as puzzles or as teaching aids for students In the context of Abramelin the focus becomes mystical so that each square should contain words or names that relate to the magical goal of the square A parallel is found in the famous Sator Arepo Tenet Opera Rotas word square an altered version of which is also found among Abramelin's squares

The Book of the Sacred Magic of Abramelin the Mage S. L. MacGregor Mathers, 2024-12-03 This rare and unique manuscript of the Sacred Magic of Abra Melin from which the present work is translated is a French translation from the original Hebrew of Abraham the Jew It is in the style of script usual at about the end of the seventeenth and beginning of the eighteenth centuries and is apparently by the same hand as another MS of the Magic of Picatrix¹ also in the Bibliothèque de l' Arsenal I know of no other existing copy or replica of this Sacred Magic of Abra Melin not even in the British Museum whose enormous collection of Occult Manuscripts I have very thoroughly studied Neither have I ever heard by traditional report of the existence of any other copy² In giving it now to the Public I feel therefore that I am conferring a real benefit upon English and American students of Occultism by placing within their reach for the first time a Magical work of such importance from the Occult standpoint S L MacGregor Mathers

Sacred Magic Of Abramelin The Mage S. L. MacGregor Mathers, 2021-06-24 The particular scheme or system of Magic advocated in the present work is to an extent sui generis but to an extent only It is rather the manner of its application which makes it unique In Magic that is to say the Science of the Control of the Secret Forces of Nature there have always been two great schools the one great in Good the other in Evil the former the Magic of Light the latter that of Darkness the former usually depending on the knowledge and invocation of the Angelic natures the latter on the method of evocation of the Demonic races Usually the former is termed White Magic as opposed to the latter or Black Magic The invocation of Angelic Forces then is an idea common in works of Magic as also are the Ceremonies of Pact with and submission to the Evil Spirits The system however taught in the present work is based on the following conception That the Good Spirits and Angelic Powers of Light are superior in Power to the Fallen Spirits of Darkness That these latter as a punishment have been condemned to the service of the Initiates of the Magic of Light This Idea is to be found also in the Kabbalah or as it is frequently and perhaps more correctly written Qabalah As a consequence of this doctrine all ordinary material effects and phenomena are produced by the labour of the Evil Spirits under the command usually of the Good That consequently whenever the Evil Demons can escape from the control of the Good there is no evil

that they will not work by way of vengeance That therefore sooner than obey man they will try to make him their servant by inducing him to conclude Pacts and Agreements with them That to further this project they will use every means that offers to obsess him That in order to become an Adept therefore and dominate them the greatest possible firmness of will purity of soul and intent and power of self control is necessary That this is only to be attained by self abnegation on every plane That man therefore is the middle nature and natural controller of the middle nature between the Angels and the Demons and that therefore to each man is attached naturally both a Guardian Angel and a Malevolent Demon and also certain Spirits that may become Familiars so that with him it rests to give the victory unto the which he will That therefore in order to control and make service of the Lower and Evil the knowledge of the Higher and Good is requisite
