The Subordinated Sex Vern L. Bullough, Brenda Shelton, Sarah Slavin, 1988-10-01 The Subordinated Sex traces the enduring powerful legacy of male attitudes toward women their sexuality and their roles as wives and mothers Traditionally the creators and chroniclers of opinion men have until recently written a history that reflects only their own convictions and impressions a history rarely punctuated by a female voice and founded on an almost universal belief in women s inferiority Acclaimed as a pioneering study when first published in 1973 Vern Bullough s work has since established itself as a standard in historical literature on women Updated and revised with Sarah Slavin and Brenda Shelton The Subordinated Sex is a vast survey ranging from prehistoric to contemporary times examining a diversity of cultures and taking into account writings from a great variety of sources From a consideration of Babylonian legal codes to Victorian prescriptive medical pamphlets medieval clerical treatises to Islamic erotic poetry Bullough and his coauthors recount not only how men have portrayed women but also how they have justified their subordination of the opposite sex In recent years women have successfully challenged males self designated role as gatekeepers of written records and have found within the past a more complete view of how women lived what they thought and what they achieved By focusing however not on women s history but on the history of men s attitudes toward their female companions The Subordinated Sex reveals more than any other single work the conditions that sparked the feminist movement and the reasons it must inspire a change in the lives of men as well as women [Public Library Catalog](#) ,1971 [The Bookmark](#) New York State Library,1989 Children s books of 1939 in August issue 1940

ABHB Annual Bibliography of the History of the Printed Book and Libraries Hendrik D.L. Vervliet, 2013-11-11 The history of printing books and libraries is confined only to a limited extent within the boundaries of individual countries There are indeed few historical developments which have played a more universal role in reaction against all kinds of particularism than type design printing book production publishing illustration binding librarianship journal ism and related subjects Their history should be assessed and studied primarily in an international not in a local context The bibliographical resources however which the historian of these sub

jects has at his disposal correspond hardly at all to the essentially international character of the object of his studies Since the appearance of the retrospective bibliography of BIG MORE and WYMAN covering the subject comprehensively up to 1880 the only current bibliography has been the Internationale Bibliographie des Buch- und Bibliothekswesens Covering a representative part of newly published literature it appeared from 1898 but did not survive the Second World War More recently several useful but limited bibliographies have appeared
