## **Book Five Concerning The Martyrs:**

*Book of Martyrs* John Foxe, 1840      **The History of the Church ...** Eusebius (of Caesarea, Bishop of Caesarea), 1709

Apostolikos Thronos: Rival Accounts of Roman Primacy in Eusebius and Athanasius Fr. Vincent Twomey, 2023-06-27 The nature of Roman primacy and the extent of the teaching and jurisdictional authority of the pope have long been areas of misunderstanding and disagreement between the Catholic Church and the Orthodox Churches of the East Just as the Petrine office of the Roman pontiff admits of historical unfolding so too do differing theological accounts of this office and the period of the fourth century Arian controversy marks a significant stage in the development of both D Vincent Twomey s *Apostolikos Thronos* exposes two divergent Eastern accounts of Roman primacy in the writings of the rival fourth century bishops Eusebius of Caesarea and Athanasius of Alexandria In the first part Twomey examines successive versions of Eusebius Church History and he shows how Eusebius comes to replace his earlier apostolic ecclesiology with a novel imperial ecclesiology tied to Constantine s embrace of Christianity a shift that both reflects and contributes to a lasting change in the consciousness of the East toward the See of Rome The second part explores the perspective on Roman primacy found in Athanasius historical and apologetic works penned in response to his deposition from the See of Alexandria which reveal how Athanasius preserves the traditional apostolic ecclesiology of the early Eusebius and also displays a deepening theological appreciation for the preeminence of the church and bishop of Rome anticipating later articulations of the theology of the papacy      Fox's Book of Martyrs John Foxe, 1851      Fox's Original and Complete Book of Martyrs ... A new edition. Now carefully revised, corrected, and improved, by a Minister of the Gospel i.e. P. Wright ... Embellished with near 300 elegant engravings John Foxe, 1811      *Christian Martyrdom in Late Antiquity (300-450 AD)* Peter Gemeinhardt, Johan

Leemans, 2012-07-04 The present volume s focus lies on the formation of a multifaceted discourse on Christian martyrdom in Late Antiquity While martyrdom accounts remain a central means of defining Christian identity new literary genres emerge e g the Lives of Saints Athanasius on Antony sermons the Cappadocians hymns Prudentius and more Authors like Eusebius of Caesarea and Augustine employ martyrological language and motifs in their apologetical and polemic writings while the *Gesta Martyrum Romanorum* represent a new type of veneration of the martyrs of a single site Beyond the borders of the Roman Empire new martyrs narratives can be found Additionally two essays deal with methodological questions of research of such sources thereby highlighting the hitherto understudied innovations of martyrology in Late Antiquity that is after the end of the persecutions of Christianity by Roman Emperors Since then martyrology gained new importance for the formation of Christian identity within the context of a Christianized imperium The volume thus enlarges and specifies our knowledge of this fundamental Christian discourse      **Ancient Christian Martyrdom** Candida R. Moss, 2012-06-26 The importance of martyrdom for the spread of Christianity in the first centuries of the Common Era is a question of enduring interest In this innovative new study Candida Moss offers a radically new history of martyrdom in the first and second

centuries that challenges traditional understandings of the spread of Christianity and rethinks the nature of Christian martyrdom itself. Martyrdom Moss shows was not a single idea; theology or practice there were diverse perspectives and understandings of what it meant to die for Christ. Beginning with an overview of ancient Greek, Roman, and Jewish ideas about death, Moss demonstrates that there were many cultural contexts within which early Christian views of martyrdom were very much at home. She then shows how distinctive and diverging theologies of martyrdom emerged in different ancient congregations. In the process, she reexamines the authenticity of early Christian stories about martyrs and calls into question the dominant scholarly narrative about the spread of martyrdom in the ancient world.

**Foxe's 'Book of Martyrs' and Early Modern Print Culture** John N. King, 2006-10-12. This book was first published in 2006. Second only to the Bible and Book of Common Prayer, John Foxe's *Acts and Monuments*, known as the *Book of Martyrs*, was the most influential book published in England during the sixteenth and seventeenth centuries. The most complex and best illustrated English book of its time, it recounted in detail the experiences of hundreds of people who were burned alive for their religious beliefs. John N. King offers the most comprehensive investigation yet of the compilation, printing, publication, illustration, and reception of the *Book of Martyrs*. He charts its reception across different editions by learned and unlearned, sympathetic and antagonistic readers. The many illustrations included here introduce readers to the visual features of early printed books and general printing practices both in England and continental Europe and enhance this important contribution to early modern literary studies, cultural and religious history, and the history of the book.

**The Wesleyan-Methodist Magazine**, 1866. Fox's *Book of Martyrs; Or, The Acts and Monuments of the Christian Church*, John Foxe, 1830. *A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: Theodoret, Jerome, Gennadius, Rufinus: Historical writings, etc.* 1892. Philip Schaff, Henry Wace, 1892. *Glory of the Martyrs* Gregorius, 1988. Contains a series of anecdotes about the lives and cults of Christians who suffered and usually died for their beliefs. These anecdotes provide important historical evidence, first for the ways bishops and their congregations manipulated traditions about the development of the early Church, and second for the contemporary functions and meanings of the cults of saints during the sixth century. The spontaneity and literary modesty of many of the anecdotes make them especially valuable for modern historians intent upon understanding the early Frankish Church. In addition to the translation, this volume includes an introduction and commentary. The introduction summarizes essential information about the chronology, composition, and purposes of the *Glory of the Martyrs* and also discusses other relevant topics such as the role of these anecdotes in the celebration of the liturgy and the contrast between rusticity and correct behaviours and belief. The commentary provides only basic identifications, dates, background, and references to other secondary scholarly literature.

**John Foxe and His World** Christopher Highley, John N. King, 2017-07-05. Interest in John Foxe and his hugely influential text *Acts and Monuments* is particularly vibrant at present. This volume, the third to arise from a series of international colloquia on Foxe, collects essays by established and up-and-coming scholars. It broadly embraces five

major areas of early modern studies Roman Catholicism women and gender visual culture the history of the book and historiography Patrick Collinson provides an entire overview of the field of Foxe studies and further essays place Foxe and his work within the context of their times     The Bloody Theatre, Or Martyrs' Mirror, of the Defenceless Christians Thieleman Janszoon Braght,1837     **Martyrdom in Islam** David Cook,2007-01-15 A fascinating history of the role of martyrdom in the Muslim faith     *Miscellaneous Writings and Letters of Thomas Cranmer, Archbishop of Canterbury, Martyr, 1556* Thomas Cranmer,1846     *After Crucifixion* Craig Keen,2013-11-19 This is an extraordinary text It addresses no small number of traditional theological concerns However it addresses them mindful of the earthiness of life Thus this is also a book that is concerned to address questions of migration brain physiology emotional trauma time love and death It is written not to satisfy a bloodless lust for the resolution of puzzles It is written with confidence that tangible bodies think Thus there is an earthy quality to its writing both in what it addresses and how it is addressed The manner of *After Crucifixion* may be imagined as a moment in which in some unpretentious underground venue the deep resonant percussions of subwoofers roll as a carnal wave across the chest and throat before they become the bass line in a conscious musical thought *After Crucifixion* has been written for the ears the chest the throat no less than for focused deliberate disciplined thought But it is written in particular for bodies befriended by the Mystery of life and death in the carnal event of the crucifixion resurrection of the Galilean peasant Jesus who unhands the fruit of the knowledge of good and evil and thus invites us to join him in prayer     An Universal History of Christian Martyrdom, Being a Complete and Authentic Account of the Lives, Sufferings, and Triumphant Deaths of the Primitive as Well as Protestant Martyrs ...
