Book Of Boston:

The Book of Boston Edwin Monroe Bacon,1916 **Little Black Book of Boston** Maria Olia,2008 **The City-State of Boston** Mark Peterson,2020-10-06 A groundbreaking history of early America that shows how Boston built and sustained an independent city state in New England before being folded into the United States In the vaunted annals of America s founding Boston has long been held up as an exemplary city upon a hill and the cradle of liberty for an independent United States Wrestling this revered metropolis from these misleading tired clich s The City State of Boston highlights Boston s overlooked past as an autonomous city state and in doing so offers a pathbreaking and brilliant new history of early America Following Boston s development over three centuries Mark Peterson discusses how this self governing Atlantic trading center began as a refuge from Britain s Stuart monarchs and how through its bargain with the slave trade and ratification of the Constitution it would tragically lose integrity and autonomy as it became incorporated into the greater United States The City State of Boston peels away layers of myth to offer a startlingly fresh understanding of this iconic urban center
