Language in the Liturgy Barry Spurr,2025-01-01 Language in the Liturgy is an historically based linguistically focused account of the development of liturgical language in English in the Anglican and Roman Catholic Churches over the past half century It analyses issues of style and expression in a wide range of texts setting this analysis within larger contexts of ecclesiastical and societal change since the 1970s The Book of Common Prayer is taken as the benchmark of classical liturgical composition in English not only because it was the first liturgy to be composed in the language but also because of the universally acknowledged beauty of it Professor Spurr makes a detailed comparative and analytical linguistic study of the Prayer Book and the liturgies composed in English in the modern idiom He argues for a renewal of the renewal by the

restoration of an appropriate solemnity and sacredness of linguistic expression as exemplified in the traditional Prayer Book rites. The book also includes chapters on the role of music and of silence in worship. This stimulating study will be of interest to all concerned about the future direction of liturgies in English in the Anglican and Roman Catholic Churches. *Welcome to Church Music & The Hymnal 1982* Matthew Hoch, 2015-02. Introduces and explains church music and congregational singing for beginners. Music is an essential element in Anglican worship. In fact, The Hymnal 1982 is used in virtually every Episcopal service of worship that involves singing. While most parishioners participate in music making at some level such as singing hymns or common responses, fewer people might understand the specific genres that comprise the music of an Episcopal worship service or the liturgical meaning behind each selection. This book provides a more in-depth understanding of this rich and complex tradition, discussing the history and evolution of music within the Episcopal Church, including its Anglican roots.

One Baptism--One Church? Kimberly Hope Belcher, Nathan P. Chase, Alexander T. Turpin, 2024-11-01. Over the centuries, Christians have recognized the baptism of those outside their own ecclesial body, but the practices of receiving those who are already baptized from other groups proclaim social, theological, and ecclesial distinctions. How do contemporary practices reflect theological principles and historical development? *One Baptism One Church* demonstrates how the social context and organization of local communities leads to prioritizing inner coherence and security over theological principles.
