

The background of the cover is a detailed illustration of a study desk. In the foreground, an open book with lined pages lies flat. A quill pen rests on the right page. To the right of the book is a small, dark inkwell. Behind the inkwell is a larger, ornate vase containing a plant with long, green leaves. The desk is made of dark wood, and the background is a soft, hazy landscape with a large feather floating in the air.

Socratic Questions in an Age without Plato Yehuda Halper, 2021-11-01 Winner of the 2022 Goldstein Goren Book Award from the Goldstein Goren International Center for Jewish Thought at Ben Gurion University of the Negev Yehuda Halper examines Jewish depictions of Socrates and Socratic questioning of the divine among European and North African Jews of the 12th 15th centuries Without direct access to Plato their understanding of Socrates is indirect based on legendary material on fragmentary quotations from Plato or on Aristotle Out of these sources Jewish authors of this period formed two distinct views of Socrates one as a wise ascetic monotheist and the other as a vocal skeptic The latter view has its roots in Plato's Apology where Socrates describes his divine mandate to question all knowledge including knowledge of the divine After exploring how this and similar questions arise in the works of Judah Halevi and the Hebrew Averroes Halper traces how such open questioning of the divine arises in the works of Maimonides Jacob Anatoli Gersonides and Abraham Bibago Angels George J. Marshall, 2015-08-13 In the 1990s alone more than 400 works on angels were published adding to an already burgeoning genre Throughout the centuries angels have been featured in among others theological works on scripture studies in comparative religions works on art architecture and music philological studies philosophical sociological anthropological archeological and psychological works and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences This bibliography lists 4 355 works alphabetically by author Each entry contains a source for the reference often a Library of Congress call number followed by the name of a university that holds the work More than 750 of the entries are annotated Extensive indexes to names subjects and centuries provide further utility The Jewish Intellectual Tradition Alan Kadish, Michael A. Shmidman, Simcha Fishbane, 2021-01-19 The Jewish intellectual tradition has a long and complex history that has resulted in significant and influential works of scholarship In this book the authors suggest that there is a series of common principles that can be extracted from the Jewish intellectual tradition that have broad even life changing implications for individual and societal achievement These principles include respect for tradition while encouraging independent often disruptive thinking a precise system of logical reasoning in pursuit of the truth universal education continuing through adulthood and living a purposeful life The main objective of this book is to understand the historical development of these principles and to demonstrate how applying them judiciously can lead to greater intellectual productivity a more fulfilling existence and a more advanced society **Folktales of the Jews, Volume 2** Dan Ben-Amos, Dov Noy, 2006 Folktales from Eastern Europe presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published It is the second volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg's classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa Israel IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their

families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition

Medieval Midrash Bernard H. Mehlman, Seth M. Limmer, 2016-10-05 Medieval Midrash The House for Inspired Innovation is the first book length study of this under examined genre of Jewish Literature Mehlman and Limmer cover the history of scholarship of these curious texts and evaluate the origins dating and authors of Medieval Midrash In addition to addressing such scholarly questions Medieval Midrash illustrates its themes and judgments through the annotated translation of the six extant texts that revolve around the key figure of King Solomon This book whose underlying tropes speak to the continuing need for creative religious expression will be of interest to scholars and non academics alike
