Book Of Formation 1923:

New Dimensions/cube of Space , Hidden in a secret book of cosmology written in the ancient Hebrew tongue long forgotten but not lost by mankind is a description of a mysterious cube formed from the twenty two letters of the Hebrew alphabet This cube of letters is constructed of a center three interior dimensions six faces and twelve edges These twenty two components form the cube and also reveal a map that clearly shows where we have come from where we are now and where we are going in our evolutionary journey toward complete spiritual awakening In *New Dimensions for the Cube of Space* David Allen Hulse explains that this cube of letters cannot reveal its deepest secrets until it is clothed in the cards of the tarot creating a map of the cosmos referred to as the Cube of Space Then and only then can this mystical cube speak directly to our souls and show us the way or the true path of initiation we all must eventually travel He presents a fascinating description of how he attained his insights along with a clear exposition of the Cube of Space as a path of initiation Hulse illustrates his insights using the original B O T A tarot deck designed by Paul Foster Case The clear and simple imagery of this deck is very helpful for understanding every nuance of the symbolic material in the story of the soul s journey around the six faces of the cube However the popular Waite deck or any other Tarot deck can be used in studying the Cube of Space Included is the material needed for the construction of a model of the Cube of Space and Hulse recommends that the reader assemble this model as it will greatly facilitate a clear understanding of the symbolic meaning behind each of the of the twenty two directions of space delineated by the cube Includes a color insert for construction of your own Cube *The Statesman's Year-Book* M.
