Ancient Ways Pauline Campanelli,2015-01-08 Pauline and Dan Campanelli's classic companion to Wheel of the Year is back for a new generation of readers to enjoy Celebrate the seasons of the year according to the ancient Pagan traditions Ancient Ways shows how to prepare for and conduct the Sabbat rites and helps you harness the magickal energy for weeks afterward The wealth of seasonal rituals and charms within are drawn from ancient sources but are easily performed with readily available materials Learn how to look into your previous lives at Yule At Beltane discover the places where you are most likely to see faeries Make special jewelry to wear for your Lammas celebrations For the special animals in your life paint a charm of protection at Midsummer Most Pagans feel that the Sabbat rituals are all too brief and wish for the magick to continue Ancient Ways can help you reclaim your own traditions and heighten the feeling of magick all year long Praise A delightful joyous guide to celebrating the seasons and festivals with homespun magic Scott Cunningham author of Cunningham's Encyclopedia of Magical Herbs A delightful book that beautifully complements the author's Wheel of the Year Ray Buckland author of Practical Candleburning Rituals **Pagan Christmas** Christian Rätsch,Claudia Müller-Ebeling,2006-10-24 An examination of the sacred botany and the pagan origins and rituals of Christmas Analyzes the symbolism of the many plants associated with Christmas Reveals the shamanic rituals that are at the heart of the Christmas celebration The day on which many commemorate the birth of Christ has its origins in pagan rituals that center on tree worship agriculture magic and social exchange But Christmas is no ordinary folk observance It is an evolving feast that over the centuries has absorbed elements from cultures all over the world practices that give plants and plant spirits pride of place In fact the symbolic use of plants at Christmas effectively transforms the modern day living room into a place of shamanic ritual Christian Rätsch and Claudia Müller-Ebeling show how the ancient meaning of the botanical elements of Christmas provides a unique view of the religion that existed in Europe before the introduction of Christianity The fir tree was originally revered as the sacred World Tree in northern Europe When the church was unable to drive the tree cult out of people's consciousness it incorporated the fir tree by dedicating it to the Christ child Father Christmas in his red and white suit who flies through the sky in a sleigh drawn by reindeer has his mythological roots in the shamanic reindeer herding tribes of arctic Europe and Siberia These northern shamans used the hallucinogenic fly agaric mushroom which is red and

white to make their soul flights to the other world Apples which figure heavily in Christmas baking are symbols of the sun god Apollo so they find a natural place at winter solstice celebrations of the return of the sun In fact the authors contend that the emphasis of Christmas on green plants and the promise of the return of life in the dead of winter is just an adaptation of the pagan winter solstice celebration
